

The Tribune Quick Print Shop talks in just this way

ASQUITH PLANS TO MAKE CONCESSIONS

LONDON, May 16.—The Daily Mail this morning gives what it claims is a forecast of Premier Asquith's new Irish policy, formulated as the result of his visit to Ireland, as follows:

"First.—To Irishmen is to be given a greater share in the government of their country. An executive council—a sort of Irish cabinet—sitting in Dublin is to be set up and will be responsible for the control of Irish affairs, but itself will be under the control of the British parliament. At the moment there will be no talk of the introduction of an Irish House of Commons. Ulster sentiment must be respected as well as that of Nationalists if a settlement is to be secured.

"Second.—Both the Ulster and Nationalist volunteers are expected to receive official recognition and to be made forces of the crown. This is regarded as far better than suppression and disarmament. Neither force is disloyal to Great Britain and both may be usefully employed and brought into a sort of union with one another by recognition."

BELFAST, May 16.—Suburban disinclination to accept anything in the way of a government which might imply the future subjection of Ulster to home rule was evident yesterday when the Premier, Mr. Asquith, visited Belfast which lasted only a few hours. So far as can be learned, the Premier's conference with a large body of representative Ulster men was disappointing.

It is understood that the question of the general disarmament of forces in Ireland, not authorized by the government, was discussed, and, although those present were pledged to secrecy, it is rumored that cold water had been thrown on the proposal. The discussion was very full and frank, but it is asserted that the result was unsatisfactory.

Information Annual Is Handy Volume

The "Information Annual," a remarkable book of its kind, containing a review of the events, discoveries and celebrities of 1915, figures on industries, description of his manufacturing plants, details of new inventions, in fact, almost any item of interest of information, has been issued. The book, styled as "A Digest of Current Events," is really more; it is a general dictionary of modern information.

The unique volume is published by the R. B. Bowler Company of New York and is gotten up much like the volume of an encyclopedia. All details are alphabetically arranged, and every phase of war happenings, of war munition production, of general industrial conditions, of events in every line, from politics to amusements, are listed. It is at once a quick history outline, a statistical directory, and a "Who's Who," with the best parts of a commercial guide, roster of factory production and biographical dictionary thrown in.

REGAL

The Most Popular Shoe in the World—Why?

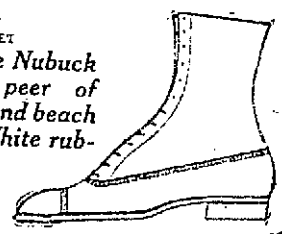

THRIFT means getting the most for your money. Of course, but you should be sure that you get it. And you can't be so sure, if the maker doesn't back up his goods by stamping his name and price upon them.

For a quarter of a century Regal Shoes have been certified checks for standard price, standard quality and standard fashions in footwear—not faked price, false quality or freak styles.

We produce 36,000 pairs of trademarked shoes a week. We distribute them from factory-to-foot and from coast-to-coast at one small profit above cost stamped on the sole.

Just read this again—for THRIFT!

NEW CHIEF TO SHAKE UP POLICE DEPT

Investigation of conditions in the police department with a view to make radical changes was commenced today by Acting Chief of Police Walter J. Petersen, who yesterday superseded Lieutenant William F. Woods as head of the department.

"I shall make no further changes until I have made a personal investigation of conditions," said Chief Petersen today. "Then I shall make changes solely along the lines of efficiency and better discipline. I have already started to investigate, and I am learning some interesting things."

Speculation is high at the City Hall as to what Mayor John L. Davis plans to produce at his investigation of police department Friday. The failure of the investigation conducted by Commissioner Jackson yesterday before the city council to clear the mystery concerning the charges and countercharges made by Woods when chief, and Commissioner Jackson has apparently merely whetted the appetite of the civic organizations interested in the controversy to gain more light on the situation.

A number of the Mayor's friends are preparing lists of questions which they desire he shall ask Woods, Commissioner Jackson, and others who will be called upon to testify. Mayor Davis has received extensive advice as to how he shall conduct the investigation, and it is rumored that a number of police officers, among them Captain Frank Lynch, Lieutenant Fred Schrader, and corporals and patrolmen who have been assigned to the central district, will be subpoenaed to give testimony before the council.

The scope of the investigation, which has been provided for by a resolution adopted by a committee on the council, is exceptionally broad. It is no less than an investigation of the entire police department with regard to the charges of Woods that his hands were tied, and that he was chief of police only in name, but not in power.

J. H. Grande, who was refused the privilege of addressing the council and questioning William F. Woods as to his reasons for resigning from the position of chief of police, today offered himself as a candidate for the position of chief, and furnished a detailed list of his qualifications.

CAUSES LAUGH.
The application was laughingly referred to the efficiency division of the civil service board to pass on the qualifications. The position of chief of police is not under civil service, and the suggestion that the application go to the board was a whimsical one on the part of Commissioner H. S. Anderson. It was accepted in the same spirit by Mayor Davis, and so ordered.

"I am a man who understands vice in all its ramifications," wrote Grande in his letter of application for the job. "I will donate the salary to charity, as I have enough money."

Grande is the man who aroused the ire of Mayor Davis by announcing that he intended to supplant Davis as mayor of the city. He was asked by Commissioner Baez some days ago whether he had ever served sentence in prison, and on replying in the affirmative, was ruled out of the race. He was then wanted to discuss the chief of police controversy.

Y. M. C. A. Campaign Leaders Report

Y. M. C. A. campaign workers attended the Commercial Club luncheon this noon. After the luncheon the members of the four teams got together and made their daily reports. It is hoped that some large subscriptions now being considered will be reported at the luncheon tomorrow. The reports at the luncheon yesterday were as follows:

Team 1, Captain H. L. Kemp..... \$1095
Team 2, Captain C. H. J. Truman..... 220
Team 3, Captain A. E. Carter..... 655
Team 4, Captain R. Robertson..... 830

SMITH ASKS LEASE ON WATERFRONT

(Continued From Page 1)

to operate the docks and wharves at a reasonable compensation.
NOT LESS THAN \$2,000,000.
The lease is to be for a period of not less than 50 years, and each year thereafter, \$1,000,000, until five million dollars (\$5,000,000) in all has been expended. Of this sum not less than \$1,500,000 is to be expended on docks and wharves and in dredging and filling the land.

Should the commerce of the port require more docks and wharves, at any time during the term of the lease, the cost of construction and the lease divided between the city and the lessee.

The lessee to furnish a bond, subject to the approval of the council, for the faithful performance of his part of the contract.
The foregoing is a very brief outline of what it is intended to do. All details and such additions as may be necessary to be settled by mutual agreement.
It is contemplated by the lessee to provide for the use of the most complete and up-to-date terminals in the world and one of the most important ports to shippers. By this development, Oakland will be able to offer the greatest inducements to manufacturers and jobbers to locate and where they can do so on their business at a minimum cost.

Will you kindly advise me as to the council's attitude in regard to the acceptance of this proposition?
(Signed) F. M. SMITH.

SMITH EXPLAINS.

Commenting on the proposition for an elaborate development of Oakland's harbor, F. M. Smith said today:

"In making this proposition to the council, I and my associates realize that the importance of the immediate development of Oakland's harbor on broad, up-to-date lines cannot be overestimated. The city has a valuable asset for the people in its harbor when the western water-front is developed to carry large sea-going vessels and the adjoining land filled so that sites will be available for warehouses, factories, railway terminals, etc., where rail and water meet and where commercial activities can be carried on in a centralized and economical way. The western water-front, in its present state, is of no value to the city, and the adjoining land, being covered with water, is unproductive. This should be developed under a comprehensive long-range plan, so that it will be attractive to the commerce of the world."

"The questions arise: 'Does the city of Oakland want the western harbor front developed? The answer is most emphatically yes, and it should be developed without delay to keep pace and provide for the rapidly growing trade of the Pacific, which, if diverted to other ports now, will be much more difficult to secure later on.'

BUSINESS PROPOSITION.
"Is the city in a position to supply the money to do this? There seems to be considerable doubt as to the ability of the city to provide the necessary money for this development. The people are not inclined to vote for increased taxation, which would be necessary if the city decided to issue bonds for waterfront development."

"This being the situation, the matter resolves itself into purely business proposition; that is, for outside capital to develop this waterfront, leaving its control, however, in the city, on terms that will be of advantage to the city and at the same time offer sufficient inducements to capital."

"In order to successfully carry on the business of a great terminal, where rail and water meet and where warehouses and factories are essential adjuncts, there must be enough available land adjacent to the docks whereby the business can expand."

CAN DREDGE BASIN.
"Now, here in Oakland, we have a condition combining these essentials, as by dredging a basin can be made capable of floating deep sea vessels, and by filling land can be made suitable for warehouses, factories and railroad terminals."

"As the city is not disposed to finance the development of its western waterfront, and as it owns an adjacent tract of unproductive land, now covered with water, it would appear to be a good business proposition for the city were it to lease this land to parties who will build and dredge the Key Route basin, fill the land and use it for warehouses, factories and other purposes that will facilitate the commerce of the port, and present the docks to the city. In this way the city of Oakland will have developed and own its western waterfront forever as a public trust for the requirements of commerce and navigation without the expenditure of any money and without having a bond issue to meet interest and sinking fund upon, which the taxpayer would be called upon to pay."

Knights and Pythian Sisters in Conclave

SAN BERNARDINO, May 16.—The forty-seventh annual state convocation of Knights of Pythias and the Pythian Sisters opened here last night with a reception and exemplification of degree work in the grand lodge and grand temple. Sessions for the convocation will continue throughout the week.
Brigham S. Young of Ada, Ohio, supreme chancellor of the order, is attending the convention. Several hundred delegates representing lodges in all sections of California were present.

VAN FLEET NOT TO SIT IN CASE

SAN FRANCISCO, May 16.—Although the United States Circuit Court of Appeals has upheld his position, and although declaring himself as confident that he could sit as a fair and impartial jurist, Federal Judge William C. Van Fleet announced this morning that he would not preside at the hearing to fix an upset price for the sale of the Western Pacific Railway now in the hands of receivers.

The statement was made today following the receipt of routine reports of the work of the road and before Attorney Frank Madison began his argument in behalf of the Savings Union Bank, which seeks to intervene.

"While I am fully satisfied in my own mind that I should be able to dispose of the pending question with complete impartiality, notwithstanding the attack on my state of mind made in an affidavit filed here," declared Judge Van Fleet, "nevertheless my ideas of a court of justice are that the administration must be such as not only to carry conviction to the litigants and the public of its integrity, but likewise of its entire fairness and impartiality. The State supreme court, for which I have the highest regard, has said, 'While it is the first importance that justice must be fair and impartial, it is only second to the axiom that litigants should believe that fairness and impartiality actuate the court.'"

"I believe, as I say, that I could pass on the entire case with entire impartiality to everybody. I related the affidavit filed here and the circuit court has sustained my position. Nevertheless, after very mature thought I have concluded that in the interest of the court and in the interest of the standing of the court in the minds of the public, it would be best to leave no room in anybody's mind that anyone coming before this court should not have fair and impartial consideration."

"I have, therefore, concluded that although a writ of mandamus has determined that I have authority to proceed, I will either myself call in some other judge to fix the upset price, or will request the senior circuit judge to designate a judge to do so."

"This, however, will not interfere with the regular matters before the court and relates only to the motion for a decree fixing the price, and to hearing evidence for and against that matter."

Attorney Madison, representing the Savings Union Bank which seeks to intervene in the litigation, and which holds approximately \$300,000 worth of W. P. bonds, then commenced his argument.
The Equitable Trust Company, trustee for the \$50,000,000 bond issue, co-operating with the re-organization committee, is seeking to buy in the road which has been for several years in the hands of a receiver.

Among the routine matters confirmed by Judge Van Fleet today was the allowing of permission of the directors of the road to purchase an official and private car, and to have never owned one, having one belonging to the D. and R. G. Railroad up to the present time.

48 Sample Suits to Be Offered at

MARYMONT AND UPRIGHT

13th and Washington, Oakland

Quick Clearance of Several Dozen Trimmed Hats

We have reduced prices for clearance reasons and we have reduced them in a way that will impress you as sensational.

\$2.95

is the price we have put on this bargain lot which includes tailored and dress models. No two alike, so we can't give details here. Many we formerly marked at double the sale price.

Untrimmed Shapes at Cut Prices

Hundreds of them. We must close out all broken assortments without stopping to think of profits or original prices.

FREE Trimming Service

If you buy a shape and the materials here we will make no charge for trimming.

New Middy Blouses at \$1.00

Sizes 16 to 20 and 34 to 46
Crepe, Twill and Indian Head

We confidently believe this to be the best lot of Middy Blouses ever offered at this popular price. Mostly white with stripe, plaid or plain color trimming.

New Allover Aprons at 59c

The new kind which really takes the place of a house dress. Have elastic belt at waist, square neck, and elbow sleeves. Made of percale, light and dark patterns, and trimmed with striped and plain color piping.

Bathing Suits \$1.95 to \$5.50

A splendid assortment now ready. The new ideas in alpaca, silk, poplin and knitted fabrics. Priced from \$1.95 to \$5.50—every price impressively low. All sizes for women—34 to 46.

New Bathing Caps 50c

All of the new styles—the pleated kind, the ones with sun shades, the butterfly models and the tasseled toque styles.

Only Department Store in Oakland Giving 2x4 Green Stamps

A new guest-room for \$5.00

Nothing brightens up a room, makes it new again, like freshly finished wood-work.

At a cost of \$5.00 or less, and in a few hours, you can prepare a new room for the expected guest by using B-H Gold Seal White Enamel.

With a little care a "professional job" can be done by anyone.

B-H White Enamel gives a beautiful glossy finish that will not crack, check or turn yellow. Positively stays its original, clear white white indefinitely.

B-H White Enamel

One of a complete line of paints, wall tints, floor finishes and varnishes made by the

Bass-Hueter Paint Co.

1113 Franklin, Oakland

Every B-H product is of the highest grade, and is fully guaranteed by us, if used according to directions.

NATIONAL POLITICAL NEWS

VERMONT VOTERS AT POLLS TODAY

MONTEFELIER, Vt., May 16.—The voters of Vermont gave the new primary law its first trial today when they went to the polls to choose delegates to the Republican, Democratic and Progressive state conventions and to register their preference for the presidential nominations. Delegates to the national convention will be chosen at the coming state conventions.

Since only names of avowed candidates for the presidential nomination can be printed on the ballot, the sole name appearing today was that of President Wilson in the Democratic column. Voters are permitted to use stickers or to write in any name, and supporters of Theodore Roosevelt and Supreme Justice Hughes, had provided a large number of stickers for distributing among Republican voters.

Ruble May Have New Opportunity

WASHINGTON, May 16.—Reconsideration of the vote by which the Senate yesterday refused to confirm the nomination of Ruble of New Hampshire, as a member of the federal trade commission was discussed as a possibility today by supporters of the nominee. Senator Hollis of New Hampshire, who led the fight in behalf of confirmation, is in a position to move for reconsideration, since he changed his vote in order that he might do so.

ALLEN'S FOOT-EASE DOES IT

When your shoes pinch or your feet ache, Allen's Foot-Ease, the antiseptic powder, gets them into the shoes and in the foot. It will take the sting out of corns and bunions and give instant relief to tired, aching feet. Try it. It's the only foot powder that's been used by the German and Allied troops at the front. Sold everywhere. Don't accept any substitutes.

\$5 worth of Gas furnished FREE With Every Gas Range or Gas Water Heater Ordered During This Week

Maxwell Hardware Co. 1320-1326 Washington St. 481 Fourteenth St.

ALBANY, N. Y., May 16.—Five preparedness measures became law today by signing of Governor Whitman.

The measures signed today were: The Welsh-Slater bill authorizing the board of agents to inaugurate a course of compulsory physical training for all public and private school pupils more than eight years old.

The Welsh-Slater bill, a companion measure, providing for the compulsory military training of all male youths of the state between 18 and 19 years of age, except those regularly employed as a means of livelihood.

The Stivers bill authorizing the governor to order the enrollment of all male citizens between 18 and 45. From this list he may order a draft at any time, whether the country be at peace or war, in order to bring the National Guard or any detachment of it up to full strength.

Two Stivers bills authorizing a reorganization of the naval militia and amending the military law generally with a view to increasing the number and efficiency of the active defense forces.

The opposition to the training bills was led by Mrs. Amos Pinchot of the Woman's Peace Party of New York. She supported Alfred J. Bolton of the New York Labor Forum; Joseph Cannon, representing the Socialist party, and several college and high school students.

NEW YORK, May 16.—Alton B. Parker was the principal speaker at the reunion and dinner of the New York Alumni Association of the Virginia Military Institute here yesterday. He spoke on national preparedness.

"It does not make much difference whether Congress decides on an army of 200,000 or 300,000," Colonel B. F. Glenn, United States army chief of staff of the department of the coast, told the alumni, "as 'other number' would be too small to be worth while."

Colonel Glenn declared it would take 400,000 men to protect Boston alone.

"You have 12,000 police in this city," continued Colonel Glenn, "and you have public utilities that need protection. New York City has food for four days. After that, I don't know what you would do. In case of attack nine-tenths of your babies would starve to death before you could get them food."

Shipping Bill Is Task Before House

WASHINGTON, May 16.—Under a rule limiting general debate to five hours and providing for a final vote Friday night, the House today began consideration of the administration shipping bill. The way had been cleared for the work on the bill by the House when it finally disposed, late yesterday, of the rural credits measure.

HARRISBURG, Pa., May 16.—Controlling organizations of both the leading political parties in Pennsylvania go to the primary polls today to defend their titles.

The movement to west the Republican leadership from Bolso Penrose, senior United States Senator, is headed by Governor Martin G. Brumbaugh. He is backed by the Philadelphia faction controlled by Congressman William S. Vare and his younger brother, State Senator Edwin H. Vare.

On the Democratic side the leadership of National Committee Chairman A. Mitchell Palmer, former congressman, is challenged by Congressman Michael Liebel of Erie.

The statewide primary law enacted in 1913 was used in a presidential campaign for the first time today. Only three presidential candidates are on the preference ballot. The law allows a candidate to place his name on the ballot only to support "the popular choice" for President in his district.

WILSON UNOPPOSED.

President Wilson will be unopposed. Governor Brumbaugh is the only Republican candidate for President. Not all of the "Brumbaugh candidates" for delegate are pledged. None of the Penrose candidates is pledged. Penrose is making his play for seventy-six unpledged delegates.

Allen D. Benson, Socialist, is the other presidential candidate. Palmer is on the ballot as a candidate for re-election as Democratic national committeeman. His party is the only one in Pennsylvania which has rules compelling election of a national committeeman at the polls today. The other parties attend to that at the national conventions.

Congressman Liebel personally is running against Palmer.

Only the Democrats have a contest for the nomination for United States Senator to succeed George T. Oliver of Pittsburgh. Judge Ellis L. Orvis of Centre county is the Palmer candidate. Judge Eugene C. Bonnell of Philadelphia is the Liebel candidate. Philander C. Knox of Pittsburgh, former United States Senator, former United States attorney general and former United States secretary of state, will get the Republican nomination. Mahlon H. Meyers of Johnstown will get the Progressive nomination.

PROGRESSIVES UNINTEGRATED.

All Progressive delegates will go to the Chicago convention unaffiliated. There are only forty-five of them, due to different rules than the Republicans and Democrats have.

Both the Penrose and Palmer organizations declare that they will control the state committee elected today, consisting of 113 members under the state law. Penrose claims fifty-four candidates pledged to him to have no opposition. Palmer claims fifty-seven.

A light vote is predicted today. Voting will require much time. On the Republican ballot, for instance, the voter must pick twelve men for delegate-at-large from a list of twenty-five, arranged alphabetically, with nothing whatever on the ballot to distinguish Brumbaugh men from Penrose men. The same is true concerning other offices and other ballots.

Costs Dime to Run For President

SALEM, Ore., May 16.—It cost Charles E. Lockwood just 10 cents to run for President of the United States, according to his official statement of expenditures and contributions, on file in the secretary of state's office today.

Lockwood withdrew from the primaries when he learned that Charles E. Hughes, Justice of the Supreme Court, would be a candidate.

Here is his expense account: April 15—Wasted 2-cent stamp trying to get support of editor of a Portland newspaper.2c

April 16—Sent 2-cent stamp replying to Seattle newspaper's request for picture and life sketch.2c

April 19—Spent 2 cents for stamp on letter to John Kendrick Bangs, humorist, enlisting his support as a spender in my behalf.2c

April 20—Spent 2 cents for postage on letter soliciting endorsement of Kentucky Kite.2c

April 21—Borrowed 2-cent stamp for letter to Secretary of State Scott withdrawing my candidacy in favor of Justice Charles E. Hughes.2c

Total expenditures.10c

Receipts and Contributions: April 22—Received from Al Lambert voluntary contribution for campaign fund.10c

Balance—Nothing.

Roosevelt Louisiana Progressives' Choice

NEW ORLEANS, May 16.—Louisiana Progressives at a convention here endorsed Theodore Roosevelt for President and named John M. Parker, Pearl Wright, Edwin Broussard, Whit P. Martin, John Marks and W. T. Petersen delegates at large to the national convention, with one-third vote each.

PARTY LEADERSHIP ISSUE AT POLLS

WASHINGTON, May 16.—Revised figures on the army reorganization bill as agreed upon by House and Senate conference and submitted to the Senate today by Chairman Charles McNary show the new army will be even larger than announced when agreement was reached last Saturday.

Careful analysis shows the maximum strength in time of peace will be 211,000 officers and men, including 25,000 staff troops, Philippine scouts and unassigned recruits, and that the war strength will be 235,000 officers and combatant troops, which, with staff troops, scouts, etc., added, will bring the aggregate maximum strength of the regular army to 251,000.

The National Guard as reorganized would total 457,000, making a total of 718,500 available.

"The results of the work of the conference while possibly disappointing to some, who have a hobby of certain features," Senator Chamberlain told the Senate, "must as a whole be welcomed by all who are reasonable and unprejudiced, as a good bill. For the first time in our history we have provided for an army that is well balanced throughout and which will be an efficient fighting machine. It provides for troops enough for the required overseas garrisons and the remaining troops at home will be such as will make up completely brigades and divisions. The regular army will no longer be a hit-and-miss collection of regiments and battalions as it has heretofore been, due to piecemeal legislation of former years.

"The company units will no longer be skeletons, but real working units of about two-thirds war strength. An infantry company will be 100 men in peace and 150 in war; a troop of cavalry will be 100 in peace and 105 in war; a battery will be 120 men in peace and 100 in war.

"The officers' reserve corps and the reserve officers' training corps have been adopted as written in both original bills. They provide for the education, selection and training of civilian men of peace for the duties of officers in time of war, and to a great extent they will obviate the hasty selection of untrained and unknown persons for commissions on the outbreak of war.

"The National Guard will have greater inducements to improve and progress than was hoped for before this year, and it will be on trial during the next few years to prove that the claims made by its representatives were correct. Those alone can tell whether the change entirely will take its place as an important factor in the army."

HOUSE ACTS UPON Rural Legislation

WASHINGTON, May 16.—Rural credits legislation was a long step nearer enactment today because of passage by the House late yesterday of the Glass bill by a vote of 255 to 10. Differences between this measure and the bill already passed by the Senate, probably will be ironed out soon in conference.

THOUSANDS PRAISE MAYR'S Wonderful Remedy for the Stomach

Enormous Army of Stomach Sufferers Led to Health By Single Dose.

Stomach Trouble causes a multitude of ailments, and often results in Gall Stones, Yellow Jaundice, Acute and Chronic Indigestion, Appendicitis, Constipation, Auto-Intoxication, Gas Pressure, Fear of Heart Disease, Cancer and Ulcers of the Stomach and Intestines, etc., etc. One dose of Mayr's Wonderful Remedy has proven successful in thousands of cases of Stomach Trouble. This explains its enormous sale. Has been taken and is recommended by Physicians, Justices of the Supreme Court, Congressmen, Lawyers, Nurses, Ministers, Farmers, Educators, Mechanics—probably your own neighbor. Many owe their lives to Mayr's Wonderful Remedy. Thousands say it has saved them from the knife. Contains no alcohol or habit-forming drugs. FREE booklet on Stomach Ailments. Address Geo. H. Mayr, Mfg. Chemist, Chicago. Better yet—obtain a bottle of Mayr's Wonderful Remedy from Osgood's Dept. Drug Stores or any reliable druggist, who will refund your money if it fails.—Advertisement.

TODAY'S AID TO BEAUTY

An especially fine shampoo for this weather, one that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be made at trifling expense by simply dissolving a teaspoonful of catnip in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After a catnip shampoo arranging the hair is a pleasure.—Advertisement.

Job Printing at The TRIBUNE Office.

HIGH HOPES FOR NEW ARMY BILL

WASHINGTON, May 16.—Revised figures on the army reorganization bill as agreed upon by House and Senate conference and submitted to the Senate today by Chairman Charles McNary show the new army will be even larger than announced when agreement was reached last Saturday.

Careful analysis shows the maximum strength in time of peace will be 211,000 officers and men, including 25,000 staff troops, Philippine scouts and unassigned recruits, and that the war strength will be 235,000 officers and combatant troops, which, with staff troops, scouts, etc., added, will bring the aggregate maximum strength of the regular army to 251,000.

The National Guard as reorganized would total 457,000, making a total of 718,500 available.

"The results of the work of the conference while possibly disappointing to some, who have a hobby of certain features," Senator Chamberlain told the Senate, "must as a whole be welcomed by all who are reasonable and unprejudiced, as a good bill. For the first time in our history we have provided for an army that is well balanced throughout and which will be an efficient fighting machine. It provides for troops enough for the required overseas garrisons and the remaining troops at home will be such as will make up completely brigades and divisions. The regular army will no longer be a hit-and-miss collection of regiments and battalions as it has heretofore been, due to piecemeal legislation of former years.

"The company units will no longer be skeletons, but real working units of about two-thirds war strength. An infantry company will be 100 men in peace and 150 in war; a troop of cavalry will be 100 in peace and 105 in war; a battery will be 120 men in peace and 100 in war.

"The officers' reserve corps and the reserve officers' training corps have been adopted as written in both original bills. They provide for the education, selection and training of civilian men of peace for the duties of officers in time of war, and to a great extent they will obviate the hasty selection of untrained and unknown persons for commissions on the outbreak of war.

"The National Guard will have greater inducements to improve and progress than was hoped for before this year, and it will be on trial during the next few years to prove that the claims made by its representatives were correct. Those alone can tell whether the change entirely will take its place as an important factor in the army."

HOUSE ACTS UPON Rural Legislation

WASHINGTON, May 16.—Rural credits legislation was a long step nearer enactment today because of passage by the House late yesterday of the Glass bill by a vote of 255 to 10. Differences between this measure and the bill already passed by the Senate, probably will be ironed out soon in conference.

THOUSANDS PRAISE MAYR'S Wonderful Remedy for the Stomach

Enormous Army of Stomach Sufferers Led to Health By Single Dose.

Stomach Trouble causes a multitude of ailments, and often results in Gall Stones, Yellow Jaundice, Acute and Chronic Indigestion, Appendicitis, Constipation, Auto-Intoxication, Gas Pressure, Fear of Heart Disease, Cancer and Ulcers of the Stomach and Intestines, etc., etc. One dose of Mayr's Wonderful Remedy has proven successful in thousands of cases of Stomach Trouble. This explains its enormous sale. Has been taken and is recommended by Physicians, Justices of the Supreme Court, Congressmen, Lawyers, Nurses, Ministers, Farmers, Educators, Mechanics—probably your own neighbor. Many owe their lives to Mayr's Wonderful Remedy. Thousands say it has saved them from the knife. Contains no alcohol or habit-forming drugs. FREE booklet on Stomach Ailments. Address Geo. H. Mayr, Mfg. Chemist, Chicago. Better yet—obtain a bottle of Mayr's Wonderful Remedy from Osgood's Dept. Drug Stores or any reliable druggist, who will refund your money if it fails.—Advertisement.

TODAY'S AID TO BEAUTY

An especially fine shampoo for this weather, one that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be made at trifling expense by simply dissolving a teaspoonful of catnip in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After a catnip shampoo arranging the hair is a pleasure.—Advertisement.

Steel Merger Men Deny Monopoly Charge

TRENTON, N. J., May 16.—The Pennsylvania Steel Company, a New Jersey corporation today filed in the federal court its answer to the suit of Joseph H. Brandt of Philadelphia to restrain the company from selling its properties to the Bethlehem Steel Company. The answer admits that the products of the two companies are similar but denies that the products of the Pennsylvania Steel Company of Pennsylvania and the Maryland Steel Company subsidiaries of the new Jersey corporation are in competition with the Bethlehem Company to such an extent to render their acquisition illegal.

It is specially denied that the interest of the proposed merger is to create

State Authority Over Insurance, Test

COLUMBUS, Ohio, May 16.—The Supreme Court of Ohio today will hear arguments in the suit brought by Attorney General Edward C. Turner and the State Federation of Labor attacking the right of liability insurance companies to write workmen's compensation in connection with the state.

Eighteen Ohio companies are defendants. The suit is a test of State Insurance Commissioner Frank Taggart's recent ruling permitting the liability companies to write employers' liability insurance.

Attorney General Timothy S. Hogan and George R. Okey, representing the state federation of labor, will aid Turner in arguments of the court.

Villa's "Hound" Is Found in Cleveland

CLEVELAND, May 16.—Villa's whereabouts may be unknown, but his dog has been found. It's in Cleveland, the pet of Mrs. Martin Sanders. He's a Chihuahua bred puppy named Chiquita—Spanish for small.

When Villa left Juarez he left the pup with his brother, who gave him to a horse exhibitor at the races, who sold the dog to Mrs. Sanders.

ADMITS STEALING METAL.
MARTINEZ, May 16.—John A. Pleva, arrested on a charge of stealing 300 pounds of lead and brass fixtures from the plant of the Copper Mountain Works near here some time ago, pleaded guilty before Superior Judge A. B. MacKenzie.

SEATTLE POLICE MAKE NEW RAIDS

City Council Supports Mayor in
Fight on Liquor
Sales.

SEATTLE, Wash., May 16.—The city council today went on record in support of Mayor J. Hiram Gill's campaign against drug stores alleged to have violated the prohibition law. The council instructed the city's legal department to defend Mayor Gill and Chief of Police Charles Beckingham in all actions arising out of the enforcement of prohibition. The corporation counsel will handle all cases in which the mayor and chief of police have been sued as individuals for the destruction of property in liquor raids, as well as in cases in which the city has been made co-defendant. The council also authorized the mayor to bind the city to protect and indemnify sureties on re-delivery bonds in replevin actions brought to gain possession of liquor seized by the police, thus relieving the mayor of personal responsibility.

Dr. Fred Penstock, a physician who has offices in a prominent building, was arrested by the police on a charge of issuing a prescription for a pint of whiskey to a detective without "having reason to believe he was sick or needed the liquor." The detective said a druggist from whom he sought to buy liquor sent him to Dr. Penstock for the prescription.

Mrs. Lucie Carter, 42 years old, whose dressmaking shop was raided Saturday night, was fined \$100 and sentenced to ten days in jail and E. L. Hawkins, a waiter in a negro club, was fined \$100 and sentenced to thirty days in jail in police court today for violating the prohibition law.

The police last night seized five barrels of whiskey in a garage at 610 Stewart street and a small quantity of whiskey at a Japanese hotel in Washington street.

William Bleh, one of the proprietors of the garage, and P. Kubola, manager of the hotel, were arrested.

Shoe Retailers Call Conference on Price

PHILADELPHIA, May 16.—The National Shoe Retailers' Association, with headquarters in this city, has called a conference of allied industries from all parts of the country to consider abnormal conditions making for an acute shortage of leather and shoe findings generally, as well as material price advances on shoes and the outlook for a real merchandise famine by fall.

A. H. Gaulting, secretary of the association, in discussing the proposed conference, said today:

"Existing ordinary conditions, and the prospect of a serious shortage of leather very soon are alarming everybody in the trade. One of the things we hope to accomplish through the conference of allied industries is elimination of waste. It is no longer a question of price in the trade but of getting merchandise and raw materials."

Freight Ship Is in Distress, Is Reported

NEW YORK, May 16.—A wireless report received here said that signals of distress were displayed last night off Sandy Hook by the Swedish steamer Grekland, a freighter, and that several steamships and a pilot boat had gone to her assistance. It was believed the ship was in collision during a dense fog. The Grekland, which sailed today for Kirkwall with a general cargo, was seen lying to between Ambrose Lightship and the fairway buoy.

SNOW STILL DEEP.

NEVADA CITY, May 16.—The highway over the summit, along the line of the Southern Pacific, is still under five feet of snow and it will be June 1 before the road is open to traffic, according to reports reaching here. The tremendous fall of last winter packed solidly and is thawing very slowly. The road from Truckee to Lake Tahoe is now open to automobiles.

ALLEGED KLEPTOMANIAC.

MARTINEZ, May 16.—William V. Brown, a guard employed at the Hercules powder plant at Placoe, arrested some time ago on a charge of stealing clothing and personal belongings from fellow employees, is a kleptomaniac, according to his attorney, who appeared in court at the hearing of his case and asked that Brown be examined by physicians to determine his degree of mental responsibility.

CONFERENCE HEARS OF MANY REFORMS

Delegates to Charities and
Corrections Session Are
Advised.

INDIANAPOLIS, May 16.—Such diversified subjects as oral hygiene, business depression and mental disease made up the program of the National Conference of Charities and Correction at today's session.

Dr. F. R. Henshaw, Dean of Indiana Dental College, Indianapolis, exhibited a number of actual cases of bad care of the teeth and mouth and spoke of the social effects of this condition. He made a report of the result obtained in the Children's Clinic, which has been maintained for the past year in the Indiana Dental College by the Indianapolis Board of Health. This report contained data showing the absence of all amount of work done, the effects upon the bodily condition of the children and the effects as nearly as may be determined upon their work in school. He gave complete data upon this matter and also general case reports of the effect of the removal of dental diseases from the mouth upon the general systematic conditions.

"Labor's Federal Reserve Board" was discussed in a paper by William M. Lelerson, Professor of Political and Social Science, Toledo University.

URGES BOARD.

"Not until we have a National Labor Reserve Board will we make any real headway in dealing with irregularity of employment," said Mr. Lelerson. "The problem of unemployment is not to be solved by discussion. What we need is government action, experimentation and administrative experience. When President Wilson outlined his program of 'The New Freedom' he saw at once the need of a money reserve board. He insisted that the business man's demand for credit must be met, that the control of the eastern bankers must be broken and the financial resources of the country centered in government controlled reserve banks to meet the fluctuating demands of industry and agriculture. But jobs for the workers are no less important than finances for farmers and business men. If the new freedom means freedom for the wage-earner as well as for the business man, then we must not stop with a financial board. We must have a labor reserve board to help the worker get the job that he needs, to free him from the exploitation of the private labor agent and to mobilize and control the work of the country in the interest of the wage-earner."

"A bill creating such a board might well outline the main features of the commission's work. Enough studies have been made in this country and enough experiments have been tried in Europe to show what those outlines should be. The board should have a labor exchange division to create a national system of labor exchanges out of the existing agencies and to stimulate the states and cities to improve and extend their bureaus under the direction of the federal board."

REGULATE CITY WORK.

"Another division should study and devise methods of using public work to regularize the labor market by absorbing workers released from private employment, during slack periods and releasing them to private industry in busy times. Another part of the labor reserve board's work is to collect and furnish information regarding opportunities for self-employment in the United States, particularly on the land."

"The board should prevent trades and industries from becoming overcrowded with workers or over-supplied with laborers, by showing the industries and localities which are growing and in need of labor and warning workers against the trades and places which are over-supplied with labor and where unemployment is most prevalent."

John R. Shillady, secretary of the Mayor's Committee on Unemployment, of New York City proposed that public improvements and, where practicable, the purchase of federal, state and municipal governments and the permanent improvement of rivers (so far as the railroads would do so) be used to prevent widespread unemployment in times of commercial depression. Mr. Shillady cited authorities in the United States and abroad who favored this method of counteracting the distress that occurs when in times of depression private employers lay off large numbers of men.

New Coal Rate Made; Anthracite Goes Up

PHILADELPHIA, May 16.—An increase of from 10 to 20 cents a ton in the wholesale prices of anthracite coal was announced here yesterday by the Philadelphia and Reading Coal and Iron Company, one of the largest producers of hard coal in the country.

The new rates are:
Egg, \$5.85 a ton; an increase of 30 cents.
Stove, \$6.10; an increase of 30 cents.
Chestnut, \$6.20; an increase of 25 cents.
Peg, \$4.20; an increase of 25 cents.
Buckwheat, \$2.90; an increase of 10 cents.

A reduction of 40 cents a ton will be allowed on these prices during May. This reduction will be decreased 10 cents a month until September, when the full rate will prevail.

In making the announcement the company declared that the increases were made necessary by the increased cost of production.

While other large producers of anthracite have not made any announcement regarding changes in prices, they are expected to follow the lead of the Reading company.

Road Supervisor Is Shot; Maniac Sought

PALOUSE, Wash., May 16.—Chas. Wagner, believed to be mentally unbalanced as the result of living alone in the woods for twenty years, is being sought by sheriff's officers in connection with the shooting near Harvard yesterday of William Duff, Whitman county highway supervisor. Duff was first beaten almost unconscious with a rifle butt and then shot twice. His death is momentarily expected. Wagner disappeared the night after the shooting. He is believed to have borne a grudge against Duff as the result of a dispute over a piece of road building.

ONE PUPIL GRADUATES.

WHEATLAND, May 16.—Charles Phelps will be the only graduate of the Wheatland High school Friday. Mrs. Margaret McNaught, state commissioner of elementary schools, will make the commencement address to him. He will be the guest of honor at the alumni dinner and party, the hero in the annual class play, and the Board of Education will travel more than seventy-five miles to present him with a diploma.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

SUFFERED FROM LAME BACK, WEAK KIDNEYS AND DIZZINESS

Dear Editor:

Last winter I suffered terribly from lame back, weak kidneys and dizziness, and uric acid in the blood caused rheumatic pains. I sent to Dr. Pierce of Buffalo, N. Y., for his new remedy, "Anuric." As soon as the box of tablets came by mail I commenced taking them, and reaped untold good from their use.

(Signed)

MRS. KATE THOMPSON.

Note:—This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back rheumatism, dizziness, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's Great Institution in Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "Anuric" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anuric" in the drug stores of this country, in a ready-to-use form. It is obtainable, send one dime by mail to Dr. Pierce for trial package, or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists in making rich, red blood, which feeds the heart, nerves, brain and all organs of the body. You feel clean, strong and strenuous—instead of tired, weak, and "all-in."—Advertisement.

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN OR TO RE-DUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and tissues, and the formation of unhealthy and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Drug Dept. at Kohn's, Broadway, San Pablo and sixteenth street, or a good druggist, and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days' treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; footstep become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial. Advertisement.

LETTER MAY END QUEER MYSTERY

Summons to South Is Found in Possessions of Missing Man.

MONTEREY, May 15.—An unsigned letter, addressed to "Daddy," found among the effects of C. W. Lawson, the missing former secretary of the Watsonville Merchants' Association, leads to the belief that Lawson has gone to Los Angeles. The letter bore the address of 1649 Talmadge street, Los Angeles. It was not known either by Mrs. Lawson, a bride of four weeks, or any of Lawson's friends, that any of his children were in California. The letter was of recent date, written in a feminine hand, and urged Lawson to come home at once. Lawson disappeared from the home of Charles McFadden Thursday night. A theory has been advanced that Lawson disappeared because of an unhappy marriage. It was learned today that a man answering Lawson's description left Monterey on a train for Del Monte Junction. The man bought his ticket on the train and had plenty of money.

WOUNDED MAN SAFE.
OGDEN, Utah, May 15.—Dr. D. Moore Linsey of Salt Lake received a cablegram from Berlin Sunday that his son, Karl, 22, wounded some months ago at the western front, has sufficiently convalesced that he may now be brought home. Dr. Linsey, who is a railroad specialist, departed immediately for New York, where he will embark for Berlin to bring back the son and Mrs. Linsey, who has been attending him for four months.

ELECTION NOTICE INSUFFICIENT.
WOODLAND, May 15.—Because H. R. Saunders, clerk of Yolo county, failed to advertise the notice of election the number of times required by law, the \$200,000 courthouse bonds which were carried last May 9th cannot be sold. Another election will be held June 26.

CANNOT RECEIVE GOLD.
BUENOS AIRES, May 15.—A decree issued yesterday suspends the right of Argentine legations abroad to receive gold deposits on the account of commercial houses of banks.

EXPRESS DRIVERS TIE UP DELIVERIES

Seven Hundred Quit Work in Chicago; Shipments Are Delayed.

CHICAGO, May 15.—Seven hundred drivers of the American, Wells Fargo and Adams Express Companies went on strike today when recognition for their union was refused. Shipments worth hundreds of thousands of dollars are tied up.

TOOLMAKERS DELAY.
ROCK ISLAND, Ill., May 15.—A threatened strike of machinists, toolmakers and other workers at the Federal arsenal at Rock Island originally set to begin at 10 o'clock this morning was temporarily averted today by a message from W. J. Johnson, Washington, D. C., president of the International Association of Machinists, requesting the men to hold the strike order in abeyance.

WESTINGHOUSE MEN RETURN.
PITTSBURGH, May 15.—Labor conditions in the Pittsburgh district are much improved today when practically all the striking workmen at the plants of the Westinghouse Electric and Manufacturing Company, in East Pittsburgh, returned to work and enough men entered the shop of the Pressed Steel Car Company, to warrant the statement by the management that the strike was over.

IRON WORKS TIED UP.
SAN FRANCISCO, May 15.—While the Union Iron Works today was trying to reach an agreement with the rivet heaters and passers who walked out yesterday demanding increased wages, 500 additional laborers, known as "bolter ups," struck. They want their pay increased from \$2.25 to \$2.75 and 25 cents a day. More than 1000 bolter ups had to quit work because of the lack of laborers, rivet heaters and passers boys. It is expected that the master mechanics will strike inside of twenty-four hours. This means that the Union Iron Works is now completely tied up. The company has at least 3000 men have stopped work 2000 on strike and 1000 because of lack of assistants.

Chinese to Have Republic, Says Harris

SEATTLE, Wash., May 15.—Professor N. D. Harris of Chicago, head of the Department of International Law at Northwestern University, who returned from a tour of the Orient, where he studied political conditions in China, believes the new cabinet system adopted by the Chinese government will have a tendency to unite the warring factions. While the system has shown President Yuan Shi Kai of some of his power it will keep him more firmly in his seat at the head of the government, Professor Harris said.

Shriners Arranging for Merry Program

Tomorrow night will be "Gladiatorial Night" at the Shriners' clubrooms. Athletic Temple will be host at a series of boxing bouts, wrestling matches and athletic contests. Together with other special events, on one of the most elaborate programs ever offered by the temple. The affair will take place in the Shriners' clubrooms, at Sixteenth and Jefferson streets.

PROSPECTOR'S BODY FOUND.
SEATTLE, Wash., May 15.—The body of Louis Short, a prospector, who disappeared nearly a year ago while on a prospecting trip in the mountains north of Valdez, Alaska, was found May 7 at the foot of a precipice, according to mail advices received here today from Valdez. Apparently Short had fallen over the cliff while walking along the edge. His parents reside in London.

TRAIN HITS AUTO.
RIVERSIDE, May 15.—E. N. Waite or Moreno was killed yesterday, his daughter, Esther, was injured fatally, and two other members of his family were hurt seriously when their automobile was run down by a westbound Salt Lake Route train. Mrs. Ida Bennett, daughter of Waite, had a leg broken, and Ellen Bennett, Waite's granddaughter, suffered fractures of a leg and several ribs.

DESPONDENT SHOTS SELF.
Clyde Burkman, a waiter living at the Merritt hotel, Ninth and Franklin streets, shot himself in the left breast with a revolver last night during a fit of despondency. He was taken to the Emergency hospital where the bullet was removed by Dr. G. G. Reine and Dr. W. H. Irwin. It is believed that he will recover. He is 31 years of age.

ATTORNEY ROUNDLY SCORED.
SACRAMENTO, May 15.—Attorney George W. Howe of Crescent City was scored for a frivolous appeal by the Associated Justice E. C. Hart of the Third District. Appellate Court in an opinion reached yesterday in a case involving collection on a promissory note for \$500. The Appellate Court affirmed Judge Child's decision.

BODY STAYS YEAR IN WRONG GRAVE

Law Finally Permits Relatives to Remove Man's Remains.

LOS ANGELES, May 15.—With appropriate ceremonies conducted by Father Fallon, the bodies of Frank W. Balfour, late civic leader of the San Gabriel Valley, who passed away April 25, 1915, and Mrs. Emily Charlotte Balfour, his mother, were transferred from their resting places in different Pomona cemeteries to the recently equipped Balfour plot in Calvary Cemetery, this city, to rest side by side.

The cause of the astonishing and remarkable situation shortly following Mr. Balfour's death, and was due to what appears to have been a clerical error on the books of Holy Cross Cemetery, Pomona. Because of this error, Mr. Balfour was buried in a cemetery plot that had already been sold to another family. Mrs. Emily Charlotte Balfour, the mother, had been buried in the old Catholic cemetery on North San Antonio avenue, Pomona, twenty years previous. Prior to his death the late Mr. Balfour had often talked of having his mother's body transferred to some other burial ground. Ten days before his death, at the age of 48, Mr. Balfour visited this city. It was during this trip he contracted the illness that resulted fatally.

Interment took place in Holy Cross Cemetery at 2 o'clock the afternoon of May 14. At 5 o'clock H. E. Hanson, the undertaker in charge of the funeral arrangements, closed over the grave to keep a driving rain from wetting the casket. An hour later it was discovered the plot which had been sold to Mrs. Balfour had been sold to William Wilkinson a week before. But the laws of California prohibited exhuming until the body had remained interred a year.

Mrs. Balfour immediately opened negotiations, through her attorneys, to purchase the lot. According to Camille J. Balfour, brother of the deceased, Mr. Wilkinson at first declined to sell. Later he offered to present the lot to Mrs. Balfour, but by that time the widow had decided upon the transfer.

LINEMAN'S BODY FOUND.
MERCED, May 15.—The body of Matthew Gavin, the telephone lineman who was drowned in the Merced river at Jasper Point, Mariposa county, last Monday, was washed ashore at Pleasant valley, two miles from the place where the drowning occurred.

TERRAMORSE SEEKS RELEASE.
Frank Terramorse Jr., who served six months in the county jail for larceny and was granted a new trial at the end of that period, only to be rearrested on a felony warrant, had applied to the Superior Court for release on a writ of habeas corpus. The matter will be heard tomorrow.

FIRST WORK DONE ON ANDERSON PROJECT

REDDING, May 15.—The first work was done here today on the Anderson-Cottonwood Irrigation district system. It will cost \$500,000. The system is to cover 30,000 acres. Completion is promised late in the fall.

BODY CLEARS MYSTERY.
MARTINEZ, May 15.—The mystery surrounding the disappearance of Louis Smith, who had been repeatedly advertised for during the past month in an effort to settle an estate, was cleared up through the arrival of the body of the missing man yesterday. Louis Gill of this city, acting upon advice from Newman, identified Smith as the man who died in a restaurant at Gustine May 12.

Says Woman's Beauty Depends Upon Health

Health and Vigor Necessitate Regulation of Organs of Elimination.

Skin foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels. The headache, the lassitude, the sallow skin, and the listless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Indianapolis, Ind., says: "It is simply fine! I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family stand-by in all cases where a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold

MRS. GERTRUDE JORDAN

In drug stores for fifty cents a bottle; a trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

Very Effective Method for Banishing Hairs

(Modes of Today)

At very little cost any woman can rid her face of hairy growths, if she will use the delicate treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for two or three minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Advertisement.

HOW TO GET RID OF CATARRH

If you have catarrh, catarrhal deafness, or head noises go to your drugist and get 1 oz. of Farnint (double strength), take this home and add to it 1/2 pint of hot water and 4 oz. granulated sugar. Take 1 tablespoonful 4 times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat. It is easy to make, tastes pleasant, little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need.

Establishes Coast to Coast Record

E. G. BAKER AT THE WHEEL OF HIS CADILLAC EIGHT ROADSTER WHICH HE DROVE ACROSS THE CONTINENT IN SEVEN DAYS, ELEVEN HOURS AND FIFTY-THREE MINUTES, THEREBY LOWERING THE BEST PREVIOUS TIME BY THREE DAYS, NINETEEN HOURS AND TWENTY-THREE MINUTES.

MOTOR RECORD ACROSS THE CONTINENT

Actual Running Time
5½ Days Across Continent

NEW YORK, May 16.—All transcontinental motor car records were smashed by E. G. Baker in a standard Cadillac eight-cylinder roadster when he arrived in New York at 2:45 o'clock yesterday afternoon from Los Angeles, completing the trip in seven days, eleven hours and fifty-two minutes, allowing for three hours difference in time.

Incidentally, Baker, who was accompanied by W. E. Strum, an Indianapolis newspaper man, clipped three days, nineteen hours and twenty-three minutes from the old record of eleven days, seven hours and fifteen minutes, made by himself in an older car some years ago.

The Cadillac eight, according to Baker, left Los Angeles at 12:01 Monday morning, May 8, and covered 3471 miles in a wild flight to New York. This is at the rate of 36.1 miles an hour without deducting any time lost for meals, sleep or supplies. Baker drove the entire distance himself and says his actual running time was only 5½ days, which figures out at the rate of more than forty-eight miles an hour.

Baker says his fastest time was between Los Angeles and San Bernardino, when he averaged sixty-eight miles an hour. His only mishaps were on the Mojave desert when a detached oil pipe caused some delay, and just east of Kansas City, when an eighteen-hour rainfall compelled him to slow down considerably.

The regular railroad schedule between Los Angeles and New York is approximately ninety hours. The distance by railroad is 3240 miles and twenty-two locomotives are used. The trains run over smooth tracks with a clear right of way, while the Cadillac was obliged to travel 3471 miles over whatever roadway conditions were afforded.

That America will follow Europe back to the four-cylinder car is the assertion of George R. Beitel, Mercer distributor for the Pacific Coast. He says he bases such belief on observations in Los Angeles and word from the engineering centers which shows the trend moving strongly back to the simpler motors.

Last week he received a letter from the Mercer factory which included excerpts from a communication from an English engineer who had just received delivery on one of the latest Mercers. His letter was commending the Mercer's engineers for staying by the four-cylinder and developing it to its present high efficiency. He wrote:

"America will learn Europe's lesson. Here petrol (gasoline) forced the engineers to increase the efficiency of the motor and decrease the cost of operation. The four was the natural choice for the development of this car."

"Where do you find the most severe strain on motors? In racing, of course. And what is used almost without exception? The four."

"Americans, with their search for new sensations, took up other motors before they had had time to really develop the four and find out what it could do. That is why the Mercer engineers are serving of such praise. They stuck by the guns, refused to be stampeded, and they are now reaping their reward. The Mercer is so highly regarded in Europe today that the entire Trenton output could be sold in England quickly."

"Probably the Mercer is the most European engineering job being made in America today, being a high efficiency motor of considerable power, capacity for very high speed and a very high accuracy of finish on all parts. In addition, it has the features that are considered typically European, such as the powerful transmission, foot-brake, the smooth gearbox and last, but far from least, the body lines."

Young Now With Allen Car Staff

Thomas L. Young, formerly with the Oakland Advertising Department is now with The Allen Motor Company, Foresta, Ohio, as assistant advertising manager. "This company, manufacturers of the popular Allen Motor Cars, has experienced a growth that is nothing short of remarkable. Inside of eleven months their output has been tripled and the enthusiasm exhibited by both dealers and

AUTO SITUATION WORRIES DEALER

Present Automobile Shortage Is But Forerunner of Condition.

"The motor car buyer who has been putting off the purchase of his first car or new model will shortly find himself in a most undesirable position of not being able to get what he wants, if the present serious motor car manufacturing conditions continue," says George Peacock of the E. L. Peacock Auto Company.

Mr. Peacock, district sales manager from the Saxon Motor Car Company, spent two or three days with us this past week and during his visit impressed upon us the importance of having a good stock of cars on hand for spring business, for the reason that the situation back east is becoming more unsettled every day due to increased volume of business from the middle west, and an increased volume of business from the United States government, which naturally affects the total volume of automobiles available for automobiles. The latter situation is another disturbing element.

"A year ago the government was using only about eight per cent of the total amount of steel produced in this country; now it is using thirty per cent of all of the steel products made in this country, and if the Mexican situation continues, and the talk of preparedness continues, it is predicted that the United States government alone will, within the next three or four months use from forty to fifty per cent of all the steel products that can possibly be made in the United States.

"With this possible reduction in the amount of steel products available for automobile and other business, with the daily increase in wages in all lines of business, and with the freight car shortage situation, there is going to be a shortage before the season is over."

"There is one of two things bound to happen in the automobile business before the season is over, and that is, there will be either a severe shortage of automobiles or an advance in the price of same. So far as the dealers are concerned they are interested in one phase of this situation only, and that is, they don't want a shortage of cars, because without cars they cannot make any money."

Reach Seattle in 1913 Buick Model

For W. A. Larkin and E. H. Haller of Los Angeles is claimed the honor of reaching Buick 1913 Model 25 from the southern city to Seattle, the two men reaching Puget Sound after a trip which kept them on the alert most of the way.

They asserted that the Buick is the first car over the Pacific Highway this season, and with the freight car shortage situation, there is going to be a shortage before the season is over. "There is one of two things bound to happen in the automobile business before the season is over, and that is, there will be either a severe shortage of automobiles or an advance in the price of same. So far as the dealers are concerned they are interested in one phase of this situation only, and that is, they don't want a shortage of cars, because without cars they cannot make any money."

The most difficult road encountered on the entire trip was in Pass Creek Canyon. They said that the name of this canyon should be changed to "Unpassable Creek Canyon." One reason for this is that it is very narrow, they asserted, is that some of the farmers down there take delight in plowing it up and keeping it in an almost impassable condition so that they can have the opportunity of towing the automobiles out of the mire.

For this they receive anywhere from \$5 to \$10, depending upon the time of the day and the length of the man's "cocked back" head. The car that he happens to be driving, Mr. Larkin laughingly stated that the little Buick fooled them, and stated that while it is a little early for transcontinental touring, the roads in general were very good, especially in California and Washington, and that the Oregon roads are being improved as rapidly as possible.

Mr. Larkin announced his intention to take this car to Alaska and drive into Fairbanks, where he intends to put it in the rent business. By having the back of the front seat cut out and hinged at the bottom it was possible to hold it down and make a very comfortable bed and thereby deprive the hotels of \$2 a night.

NEED NEW ROAD INTO YOSEMITE

Interest in Proposed Route Becomes Keen With Motorists.

With the opening of the Yosemite Valley for motor travel and the arrival in the valley of several motorists, including Foster Curry and his wife, on April 26, interest in the proposed new road to the valley from Mariposa to El Portal is keen every day. Mr. Curry, who is the son of David A. Curry, steward of the Yosemite, writes that the proposed route has been surveyed and staked and that the construction work will begin as soon as the voters of the State approve the new bond issue of \$15,000,000 for good roads. This issue will be voted on in the November elections.

The proposed route, if constructed, will form a direct route from Mariposa to El Portal, connecting with the Merced-Mariposa link of the State Highway which is now under construction, and will provide a road the steepest grade of which will not exceed 4½ per cent.

A tentative appropriation of \$250,000 has been set aside for the building of the road. With that sum of money a good road may be constructed, but it is said it will require about \$200,000 additional to bring the proposed road up to standard State Highway construction.

Leaving Mariposa the newly surveyed road takes a northerly course to Stockton Creek at Zimmerman's Ranch, where it reaches its highest point, an altitude of 2967 feet. When one considers the extreme altitudes reached on the present three routes into the valley, one will appreciate what a saving in wear and tear on car, driver and passengers the proposed road means as against the existing conditions which one must face during a journey to Yosemite over the existing roads. In addition to this is the fact that in the construction of a new road the course of it would naturally be such that sharp and dangerous curves will be minimized.

Just beyond Zimmerman's Ranch the road passes Clark's Ranch. There a small creek is crossed. It is said by those who are thoroughly familiar with the weather, snowfall and rainfall conditions there that only a small concrete bridge will be necessary to span this stream, as the snowfall thereabouts is usually light and the stream during no season of the year raises more than a few inches. Traffic conditions would never be interfered with.

From Clark's Ranch the road follows Bear Creek to Briceburg, where another bridge will be required. From Briceburg to floor of the Yosemite Valley the road trails the Merced River on the opposite shore to that followed by the Yosemite Valley Railroad.

The course of the proposed road is through an exceptionally scenic region and it is said that even its highest point is below snow line, which fact will enable motorists from all sections of the state to motor into the valley during the spring and winter months as well as the other seasons of the year. It is during the former seasons of the year that Yosemite is in its most picturesque garb.

In discussing the project Mr. Curry wrote: "This is by far the best route into the valley. It would open up a valuable section of the country and would enable motorists to reach the greatest scenic marvel in the world during the four seasons of the year."

"The distance into the valley would be shortened by about twenty miles, while there would be no hard climbing of any kind, the steepest grades not exceeding 4½ per cent."

The spot required for the initial construction of a permanent highway. An additional sum of \$200,000 would be necessary to bring it up to standard State Highway construction."

Light Vim Trucks Ideal Jitney Bus

Los Angeles has evidently found a solution to the jitney question according to a report just received by E. Linn Mathewson, the head of the Northwestern Motor Company, distributors for the Vim truck. A new corporation in the eastern city has purchased a number of Vim trucks on which has been installed a bus body that carries thirty-two passengers.

These buses cover the route now frequented by the Vimcys and their popularity has resulted in the diminishing in the number of cheap and second-hand motor cars in the jitney trade.

These buses give a much quicker service than either the street cars or jitneys. The fact that they are handled by an established company guarantees their cleanliness and sanitary conditions which has already been found to be objectional in the open jitney where the owner is practically required to keep his car in constant service to make it pay to operate.

Eight Cylinder Cadillac

Establishes New Transcontinental Record

LOS ANGELES TO NEW YORK

Seven days, eleven hours, fifty-two minutes

Beats Best Previous Time by Three Days, Nineteen Hours, Twenty-Three Minutes

This stock roadster was officially checked out of Los Angeles by a committee of newspaper men a week ago yesterday morning. The car reached New York yesterday afternoon, completing the 3471 miles at an average speed of 36 miles an hour, not deducting time lost in sleeping, eating and taking on supplies. One man, E. G. Baker, drove the car every inch of the way. Deducting time checked out for stops, the car averaged 48 miles an hour for the hardest run in the history of motoring. By its wonderful power, endurance and all-around reliability the Cadillac Eight once more startles the world.

United States 'Nobby' Tread Tires on World's Record Car

World's Transcontinental Automobile Record Run from the Pacific to the Atlantic Oceans broken by Cannonball Baker in a Cadillac Equipped With 'Nobby' Tread Tires

Cannonball Baker arrived in New York yesterday (May 15th), reducing the world's transcontinental record from 11 days 7 hours and 15 minutes to 7 days 11 hours and 53 minutes, in a Cadillac car equipped with United States 'Nobby' Tread Tires.

Baker says, "no other tires would have stood the test."

The superb showing made in this drastic, racking, real road tire test, proves the wisdom of the Cadillac Company in regularly equipping their cars with United States 'Nobby' Tread Tires.

The bulldog grip of the Knob on 'Nobby' Tread Tires and the quantity of rubber on the tread are what gives these "aristocrats of the road" their continued supremacy.

INDIVIDUALIZED TIRES

BUICK LOWERS FAST ROAD RECORD

Fernando Nelson Trophy Changes Ownership Today

By EDMUND CRINNION.

Adding another victory to its enviable string of speed and economy records a Buick car reached Los Angeles this morning after a sensational run down the coast from San Francisco, establishing a new record for this road of 12 hours, 47 minutes and 50 seconds, and lowering the best previous records two hours and two minutes, thereby winning the Fernando Nelson trophy for the best running time for stock touring cars between San Francisco and Los Angeles over the coast road.

Alternating at the wheel of the Buick car were Joe and Fred Nikrent, who kept the Buick motor turning over at a terrific speed for the 464 miles of tortuous road on the coast road for the entire twelve hours and forty-seven minutes. Not a single stop was made on the trip for troubles or tire changes. The speed of the car was slackened materially, however, when it was necessary to negotiate the road for miles in the neighborhood of San Luis Obispo. The car made the trip on the same set of Goodyear cord tires that it used on its record smashing run from Los Angeles to San Francisco over the valley route, when it covered the same distance in 10 hours and 47 minutes, which lowered the best previous record over the valley road by one hour and twenty-three minutes, and not only set a motor car endurance and speed record, but also established time record for the fastest time ever traveled by a human being between Los Angeles and San Francisco.

The Buick car which broke the coast record this morning and won the Fernando Nelson trophy was officially checked out from San Francisco by a committee of newspaper men consisting of Leon J. Pickson of the Chronicle and Frank Herman of the Call, aided by the commercial manager of the Western Union office, who certified as to the existence of the time record, and by William Nelson, acting for Fernando Nelson, who certified that the car complied with every condition governing the contest for the Fernando Nelson trophy, which is a perpetual trophy for the car making the best time between San Francisco and Los Angeles over the coast road and which has for years now nestled peacefully in the possession of the Cadillac car that was driven by Beaudett on this road some years back. The Buick car was checked in at Los Angeles by J. Waddell of the Times, Cole of the Tribune and G. A. Lawrence, Western Union official. The car was checked in at the Times building at exactly 8:47:50 o'clock this morning. It was checked out at exactly 8 o'clock last night. The actual time made was 12 hours, 47 minutes and 50 seconds.

Growth Shown in Dining Car Service

Figures showing the enormous operations of the Southern Pacific dining car service are contained in the reports gathered from the West Coast yards and other quarters of the railroad's commissary service, by Allan Pollock of the department.

"The railroad is operating, according to his figures, 108 dining cars, 43 buffet cars and one lunch car. Its dining car mileage last year was 10,832,847 and 3,207,883 persons were fed on the dining cars. There are 107 commissary employees, 824 car employees, 80 stewards, 327 waiters and 22 porters in the equipment. They use 65,625 pieces of silver, 133,737 napkins, 36,093 tablecloths, 19,425 pieces of glassware and 71,520 pieces of china-ware. On the dining cars were used last year 336,722 pounds of fresh meat, 133,894 pounds of poultry, 17,425 gallons of cream, 223,426 gallons of milk, 35,000 loaves of bread and 85,464 dozen eggs. On the steamers were served 1,101,018 meals, 120,222 pounds of fresh meat, 1,200 pounds of poultry, 120,000 gallons of cream, 38,057 gallons of milk, 24,824 pounds of butter, 31,442 dozen eggs and 82,254 loaves of bread. The fifteen restaurants, alone, served 1,612,293 meals.

Head Guilty to Recall Forgery

SAN FRANCISCO, May 16. — Pleading guilty to forging signatures to the recall petition directed against City Attorney Percy V. Long, William Daly and E. M. McHenry were sentenced by Judge Crabtree this morning to 60 days in the county jail. The district attorney, pleading for leniency as the men have already been 40 days in prison.

"PEEPING TOM" SENTENCED.
ALAMEDA, May 16. — Emmet Hammon, guilty of "Peeping Tom" at an Alameda bathing place, was sent to the county jail this morning for thirty days by Judge L. R. Wetmann.

ITCHING ECZEMA FOR SIX MONTHS

Face and Body Covered with Blisters. Started to Spread. Child Very Cross and Could Not Sleep.

HEALED BY CUTICURA SOAP AND OINTMENT

"My niece suffered with itching eczema for nearly six months. Her face and body were covered with blisters which broke open and started to spread. After she had opened a few days later more eruptions would appear. Her face was a fright to look at and the child was very cross and could not sleep nights. Then I used Cuticura Soap and Ointment and after using two boxes of the Cuticura Soap and Ointment together with the Cuticura Soap she was entirely healed." (Signed) Miss Theresa Selasky, 2016 Cortland St., Chicago, Ill., Oct. 19, 1915.

Sample Each Free by Mail. With 32-p. Skin Book on request. Address post-card "Cuticura Dept. T, Boston." Sold throughout the world.

ALLIES CANNOT STARVE TEUTONS

U. C. Student Member of Ford Peace Party Gives His Views.

BERKELEY, May 16. — That Germany is not in peril of a food famine and will not be conquered by a food blockade is the belief of Paul L. Fussell of this year's graduating class of the University of California from observations made in the belligerent country. Fussell represented the university on the Ford peace expedition in Germany during the journey the delegates made on a government train.

Fussell will be one of the student speakers at the commencement exercises tomorrow. He denies that the Ford party went through on a barred and locked train, as reported, but says they were permitted to make any observations they chose where the train stopped. He continues:

YOUTH IN RESERVE.
"Some of the most interesting incidents of that trip occurred in the dining car, for there we saw some suggestive circumstances in connection with the German food situation. The first thing which I noticed as I entered the dining car was the extreme youth of the waiters. None was more than sixteen years old, and most seemed to be even three years younger. Apparently Germany has no opportunity for her able-bodied adult males than to serve food, to wandering pacifists."

"The next thing which caught my attention was a large sign printed in two colors and posted in a conspicuous location in the dining car. The first thing which I noticed as I entered the dining car was the extreme youth of the waiters. None was more than sixteen years old, and most seemed to be even three years younger. Apparently Germany has no opportunity for her able-bodied adult males than to serve food, to wandering pacifists."

"The meal seemed typical of the German food situation. It was Friday, one of the two days in the week when no flesh can be sold, and we had no meat. Butter tickets are required in Germany now, and as we had made no application for tickets, we had no butter. Germany is short of wheat flour, and so we had no wheat bread, but instead three slices of potato bread were doled out to us—slices as thick as a wafer and as large as a gentleman's calling card. Potatoes were not only much in evidence in the bread, but in the rest of the meal as well. The first course was potato soup, the second potato salad, the third potatoes and fish, and the fourth potatoes and omelette. Perhaps since that evening some German scientist has discovered a desert made of potatoes, and they may serve dessert in German dining cars now. But at any rate a dessert was unknown then and we passed it by for that meal."

IRISH POTATOES HELP.
"About a week after this, I was talking to a British marine at Dover, and he told me with what valor the Irish soldiers had fought for king and empire. I thought as he spoke, 'The Irish soldiers will be brave indeed if they help England as much as Irish potatoes are helping Germany.'"

"That one meal confirmed all reports which I had heard from Scandinavian travelers with regard to the German food situation. Germany is very short of certain particular foods, such as meat, fats and wheat, so that some deprivation occurs. But Germany has an abundance of other foodstuffs, such as potatoes and fish, so that no actual suffering is present. Nothing short of an unprecedented crop failure can starve Germany."

FAME OF OLIVE IS TOLD TODAY

State and Nation Does Honor to Crop of Golden West.

SAN FRANCISCO, May 16. — Ripe olives were featured on many menus in California today in honor of the annual olive festival. There were special exercises at several places, notably Oroville, northern headquarters of the olive growers.

OROVILLE, May 16. — California is celebrating its second annual Olive Day today and joining with California in its celebration are all of the principal hotels, principal railroads and the principal restaurants of the country. Newspapers over the United States are telling the people of this country today the difference between the ripe olive, which is produced exclusively in California, and the inferior, green imported article.

The United States sends about twelve million dollars abroad for inferior green olives and inferior olive oil each year. It sends three million dollars to California for the magnificent ripe olives of this state and the pure olive oil produced here. California Olive Day is intended to reverse these figures. California wants the twelve million dollars—and then some.

U. C. HELPS.
Professor M. E. Jaffa, of the University of California, has written a very interesting article dealing with the food values of the California Ripe Olive. Referring to the figures previously given which have been compiled by Professor Jaffa, it will be seen that the percentage of fat or oil is twice as great in the ripe olive as in the green olive.

It is also an interesting fact, as shown by the table, that one pound of ripe olives have approximately the same food value as has one pound of bread. If the ripe olive is compared with raw rice, the rice ranks far ahead in total food value. That is, in one pound of raw rice we have much more nutriment than in one pound of ripe olives. If, however, we compare the rice as eaten with the ripe olive as it is eaten, it will be noted that in one pound of ripe olives there is practically twice as much nutriment as there is in the cooked rice.

FOOD VALUES.
In one pound of dry macaroni there is far more nutriment than in one pound of ripe olives, but cooked macaroni has only 415 calories, while ripe olives have 1134 per pound.

"Summarizing in brief," says Professor Jaffa, "it must be said that ripe olives are a very valuable, palatable and easily digested form of food, and should be considered as such and not as an accessory or a condiment."

Breaks Auto Record for Coast Road

JOE AND FRED NIKRENT AT WHEEL OF BUICK D-45 TOURING CAR IN WHICH THEY DROVE TO LOS ANGELES LAST NIGHT OVER THE COAST ROAD IN 12 HOURS AND 47 MINUTES, BREAKING ALL PREVIOUS RECORDS OVER THIS ROAD AND WINNING THE FERNANDO NELSON TROPHY.

INFIRMARY ROW PROBED BY JURY

Foss Charges Continue to Occupy Attention of Body.

Further probe into charges made by Supervisor Fred W. Foss regarding alleged conditions at the county infirmary

was made today by the grand jury, which called a number of witnesses.

Among the witnesses were Dr. C. A. Wills, superintendent of the institution; Dr. R. M. Monson, who acts as an intern there; Dr. Kirby Smith, city health officer; Dr. P. P. Musser, city bacteriologist; Dr. Ergo Majors, visiting physician for county indigents, and Miss A. T. Cronen, nurse in the city department of health.

The whole method of treating contagious cases at the hospital was gone into by the grand jury in its inquiry into the recent death there of a little girl, the daughter of a Livermore rancher who died from diphtheria.

It was charged by Supervisor Foss before the grand jury last week that the girl's death was more directly the result

of negligence on the part of the infirmary management than from the disease. In an effort to ascertain to what extent those charges hold good, the grand jury summoned the different physicians who had charge of the case and others who are familiar with the handling of contagious diseases.

"I am glad that the grand jury is going to sift these charges to the bottom," said Dr. Wills, "because the truth is sure to come out and we do not object to that. It will be found that things have been highly exaggerated and that certain sources of information to complaints have not been reliable."

"So far as the case of the little girl is concerned, she was almost dead when brought to the hospital, her removal having been delayed too long. Everything possible was done to save her, but it was practically futile."

MERCHANTS TO VOTE ON BIG ARMY THEME

National Referendum Comes Up to Local Body for Its Ballot

Are we prepared? Should we demand more military and naval strength?

These are the questions to be discussed tomorrow night at the Commercial Club rooms, when the membership of the chamber has been called to vote upon the United States Chamber of Commerce referendum on preparedness.

The matter was placed before the directors, but this body decided the issue of so great importance that the whole membership should be called in to vote upon it. Ten propositions along the line of preparedness are being voted on by every chamber connected with the United States body, and these votes will affect the recommendations to be made by the general body to Congress, as the word of the business men of the nation.

The official call for the meeting, as issued today to members of the chamber, is as follows:

"The Chamber of Commerce of the United States of America, of which this organization is a member, has asked us for our vote on these ten propositions: Increase of national sea and land defenses; creation of a council of national defense; mobilization of industries; restore the U. S. A. to second naval power; creation of a general naval staff; in-

crease the regular army; universal military training; adapt private plants to the manufacture of munitions; accumulation of war materials reserve; creation of an officers' reserve corps.

"As these subjects directly touch our individual lives, our business, our industries and our future, and because our decision will have an important bearing upon legislation now before Congress, it is your duty and your are urged to attend a meeting of the entire membership of the Oakland Chamber of Commerce on Wednesday evening, May 17, at 8 o'clock in the lounge of the Commercial Club to participate in a discussion of these subjects and record your vote."

RID YOUR SKIN OF PIMPLES

Use Poslam and Poslam Soap to Drive Away Unsightly Blemishes.

Blemishes of an eruptive nature, such as pimples, rashes, etc., are driven away very quickly by Poslam. Its healing work in suborn and aggravated eczema cases is often remarked as wonderful. In most surface skin disorders Poslam seems to supply precisely the soothing, controlling influence needed. Comfort is immediate, itching stops and as far as suffering is concerned the trouble may usually be forgotten soon after Poslam is applied.

Poslam Soap, containing Poslam, is an aid to health of skin and hair. Try daily one month for toilet and bath.

For sample, send 4c stamps to Emergency Laboratories, 32 West 25th St., New York City. Sold by all druggists—Advertisement.

Germans Repulsed in East Africa

PARIS, May 16.—It is officially reported from Lourenco Marques, Portuguese East Africa, says a Havana despatch from Lisbon under yesterday's date, that the Germans, with 100 natives and three machine guns, attacked the post at Nibica, on the river Rovuma, May 8, but were repulsed. A second attack was made on the 12th with the same result.

Smashes Another Record San Francisco to Los Angeles OVER THE COAST ROUTE 464 Miles, 12 Hours, 47 min. 50 sec.

Last night at 8 o'clock sharp, this Buick D 45 touring car, driven by Joe Nikrent, was officially checked out in San Francisco, and after having covered the 464 miles over the coast route, arrived in Los Angeles at the Times building at exactly 8:47:50 o'clock this morning, making the trip over the tortuous coast route in exactly 12 hours 47 minutes and 50 seconds—official time.

Smashed Best Previous Record by 2 Hours and 2 Minutes. Wins the FERNANDO NELSON TROPHY. Former record on this road, held by a higher-priced car was 14 hours and 49 minutes. HERE'S THE COMPLETE STORY—PROOF INDISPUTABLE

This is to certify that a six-cylinder, five-passenger Buick car known as Model D-45, engine No. 176416, frame No. 180771, state license No. M161, driven by Joe Nikrent and carrying Fred Nikrent, George Danielson and G. L. Hadley, left Market and Guerrero streets, San Francisco, for Los Angeles, via the coast route, at 8 o'clock Monday evening, May 15, 1916.

The Buick was equipped with a Warner Auto Meter No. G. G. 320152 which showed 992 9-10 miles on the season dial.

Left-hand Hitter May Mean Bench-
ing of Middleton

Luther Cook, outfielder of the New York American League club, is coming to the Oaks. A left-handed batter and an extremely fast man on the paths, Cook held down the right-field position for the Yanks for two years, but the coming of Lee Magee to the Yank fold and the switching of Fritz Malsb to the outer garden caused a change in the Yank line-up and Cook was shifted to the bench.

Cook's averages for the past five years in baseball are as follows:

| Year | Team | Games | At Bats | R. | H. | T. | H. R. | B. A. | F. A. |
|---------------------|-------|-------|---------|-----|-----|----|-------|-------|-------|
| 1911 (New York) | | 132 | 70 | 129 | 161 | 29 | 271 | .349 | .969 |
| 1912 (New York) | | 121 | 59 | 123 | 153 | 26 | 363 | .349 | .949 |
| 1913 (New York) | | 20 | 9 | 19 | 23 | 3 | 264 | .327 | .927 |
| 1914 (Austin, Tex.) | | 100 | 55 | 107 | 137 | 37 | 306 | .361 | .961 |
| 1915 (Austin, Tex.) | | 88 | 45 | 75 | 105 | 22 | 234 | .344 | .960 |

Cook will report to the Oaks in Los Angeles. "Through Manager" Rowdy" Elliott stated before leaving that Cook was a clean-up hitter, the above averages do not so indicate, as his total base figure is not so large for the number of safeties with which he is credited. However, Cook may find a change with the Coast League pitchers.

Zimmerman, secured from Brooklyn along with Joe Chabek, will probably be released. Rony Middleton may be benched and Cook placed in left field. This also leaves Elliott in a position to place Rube Gardner on first base and Middleton, Lane and Cook in the outer garden if he so desires.

The fact that neither Chabek or Zimmerman have satisfied Elliott shows that Charley Ebbets of the Dodgers certainly put something over on the Oakland club. That has been the fault with the management since 1912. During that year Bud Sharpe came from the East and brought players with him whom he knew and whom Wolverton also knew. But since then the Oaks have been finding unknowns who have proved bloomers instead of pecking into the thickets for such youngsters as Martin and Billy Lane.

Frank Chance Dons "Uni"
Today in Opening Game
'Peerless Leader' Brings His Seraphs
to Sing for Seals

Frank Chance was due to appear in San Francisco today for the first time in a Los Angeles uniform and the bay-side fans designated it "Frank Chance Day." In his honor, "The Peerless Leader" planned to perform for a spell on the first base, his own old stomping ground, and show the bleachers that he still had plenty of juice.

Come considerable interest was aroused in this season's first clash between the Seals and the Angels in San Francisco. The Vernon Tigers have just finished their usual test of the Seraphs' goat all over the hills and dales of Southern California, but the San Francisco fans are anxious to see the Chance crew in action just the same.

This week's series will also mark the first appearance here this season of Umpires Ed Finney and Bill Guthrie, who have been all over the circuit, like the Angels, were late in visiting this section. Lefty Brown will probably pitch the opener, while Chance will start Jack Ryan.

Elliott and his men left Oakland last night for the south and will open against Vernon today. The pitching staff is in bad shape and Manager Harold is doing a lot of worrying. Martin and Hugh seem the only winners and they will probably work in four games. Beck, Boyd, Klawitter and Klein will try their hands at the other three. The young southpaw, Claxton, is not to be given a trial after all. Catcher Frank Ritt is taking along a blue uniform, which the boss found his injured ankle was painful him a bit.

Bill Leard, former Oak second baseman, has been appointed the playing manager of the Tacoma Northwest club. Russ Hall will devote himself to the financial end of the game. Leard is quite a favorite with the northern fans.

Salt Lake has released Catcher Vana and has come to terms with Catcher Mitze, according to a wire from Salt Lake. Mitze, a former Seals player, would not be able to report to the Gies at once, thus perpetuating the mystery of what club has strings on this Seals' Blankenship is making arrangements to farm out "Bric" Eldred, which means that Murphy will be retained for the utility job.

HOW THEY GREET THEM IN HAWAII

Benjamin, the genial manager of Hoppe and Yamada during their recent tour of the country, sends us the photo that is reproduced above. He writes: "We were met by the mayor and the royal band at 7 a. m. There were about three or four thousand other persons at the hotel. We were royally welcomed. The decorations etc. We feel at home with a noise around our necks. This is some country and don't you forget it."

AMATEUR BASEBALL

S. J. S. CUBS BEAT CORTE MADERA FEES.

The S. J. S. Cubs grabbed a hard-fought game from the Corte Madera Fees Sunday on the latter's home grounds, great pitching by Joe Rodgers making them win by a score of 8-1. Three safeties by Schaefer helped greatly in the scoring. The score:

| Corte Madera Fees | S. J. S. Cubs |
|-------------------|--------------------|
| Torrell, rf. | R. H. Rodgers, p. |
| White, 2b. | W. J. Rodgers, 1b. |
| Morris, c. | O. Oakes, 2b. |
| Booth, 3b. | 1 Schaefer, 3b. |
| Duffy, p. | 0 Rogers, 2b. |
| Heinricher, 3b. | 0 Oakes, 2b. |

| Tardner, 1b. | 0 Smith, cf. |
| McGrath, cf. | 0 Smith, cf. |
| | 0 Xear, cf. |

Totals..... 1 3 3 Totals..... 8 10 2
Summary: Struck out—By J. Rodgers 6, by Duffy 2, by Heinichers 2. First base on balls—Off J. Rodgers 2, off Duffy 1, off Heinichers 2. Two base hits—Schaefer, Geary, Holt.

WOODMEN OVERWHELM OUTLAWS.

The Modern Woodmen administered a severe thrashing to the Great Western Power Company Outlaws Sunday at Bay View park, beating the latter's home team by a score of 10-0. Duffy Gerlach made three errors at short for the Outlaws, while Meyers, shortstop for the Outlaws, made three errors also. Butler whiffed 14. The score:

| Woodmen | G. W. P. Outlaws |
|---------------|-------------------|
| Max, 1b. | 1 O. Gerlach, s. |
| Meyers, 1b. | 1 O. Gerlach, 2b. |

| Robinson, 2b. | 0 Oakes, 2b. |
| Robinson, 2b. | 0 Oakes, 2b. |
| Robinson, 2b. | 0 Oakes, 2b. |

Summary: Struck out—By Butler 14, by Russell 2, first base on balls—Off Butler 1, off Russell 1, off Meyers 2. Three base hits—Max, Brooks. Two base hits—Max (2), Robinson, Fenton.

HEAD'S WIN AGAIN.

The fast Head's nine defeated the Oakland Friction Co. Saturday, at the latter's grounds, Portola and San Pablo, in a swift, snappy ten inning game. Newell's pitching for Head's was the feature. He worked out of some tight places. Billy Field's timely two-base hit in the tenth won the game for Head's. The lineup:

| Head's | Friction Co. |
|-------------|--------------|
| Head's, 1b. | Head's, 1b. |
| Head's, 1b. | Head's, 1b. |
| Head's, 1b. | Head's, 1b. |

| Head's, 1b. | Head's, 1b. |
| Head's, 1b. | Head's, 1b. |
| Head's, 1b. | Head's, 1b. |
| Head's, 1b. | Head's, 1b. |

Summary: Struck out—By Farrell 14, by Norris 6, by Lennon 2. First base on balls—Off Farrell 2, off Norris 2, off Lennon 2. Three base hits—Sanos, McDonald, G. Andrea. Two base hits—Perry, Santos.

SAMUEL'S WIN NINE STRAIGHT.

The Albert S. Samuel outfit continued their long string of victories by beating the Pacific Coast club Sunday at Portola and San Pablo, in a swift, snappy ten inning game. Samuel's pitching for Head's was the feature. He worked out of some tight places. Billy Field's timely two-base hit in the tenth won the game for Head's. The lineup:

| Samuel's | Pacific Coast |
|---------------|---------------|
| Samuel's, 1b. | Samuel's, 1b. |
| Samuel's, 1b. | Samuel's, 1b. |
| Samuel's, 1b. | Samuel's, 1b. |
| Samuel's, 1b. | Samuel's, 1b. |

HIPPS WIN, 4 TO 2.

The Oakland Hipps defeated the fast Alameda high school team at Lincoln park, 4 to 2. Davis pitched five ball through the game, allowing but five hits.

SUMMER CARNIVAL
SPIRIT AT OAKS
BALL TO PREVAIL

"King Baseball" Will Receive Homage of Thousands at Pennant Benefit.

Midsummer carnival spirit will prevail at the Municipal Auditorium on the night of the "King Baseball" benefit. The event will be a grand affair, with a large crowd of spectators expected to attend.

The committee of baseball boosters in the city has been working hard to make the event a success. They have secured a large number of prizes and have arranged for a variety of entertainment.

Reminiscences of a
Veteran Sporting
Editor

(By MR. MULDOON.)

When you were a sporting reporter years ago there were two departments in the assignment book, departments you had to look after that are missing now. The first of these was dog fighting and the second disputes between game chickens.

In both the dog fights and the cocking mains immense sums were wagered in the olden days.

At one time there were cocking mains in which the best chickens in the north were sent south to meet the best roosters in that part of the country.

Tennessee used to lay claim to the best fighting cocks in the world and Michigan, Illinois and Ohio each season sent down game roosters to challenge their claim.

These fights were very cruel, but they were not considered so by sportsmen of that time.

But gradually the attention of humane societies was called to them and laws were passed to prohibit such fights.

About the time the societies set out to put the dog fighting, one of the famous dog fights ever known took place in a large eastern city.

A couple of saloon keepers had long been disputing over the matter of fighting dogs—two husky bull terriers of great renown.

They finally agreed on a fight for \$500 a side, found the place and spread the tip.

Somehow or other the tip got to wrong people, and when the place began to gather at the pit side it was found that several humane societies, special policemen, and medical officers were on hand, ready to stop the fight and to pinch everybody concerned.

These saloon keepers were good fellows, and humanists as well. They didn't want a chance on earth for the fight as originally planned, but they wanted to have some fun.

They drew down the stakes, put their friends into the trouble, and made it a case of free admission to the pit side.

Then they put in about an hour fixing up the dogs.

After that they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

Then they put in an hour fixing up the dogs.

KIRCHNER & MANTE, BOTTLERS, OAKLAND.

Reading the Green

Eddie Plank could not beat his old club, Athletics, and Philadelphia, won, 5 to 4. Plank blew up in the seventh.

Cleveland knocked Cliff Markle of the Highlanders out of the box in three frames, making the latter's first game since he ended with the Yanks.

Dubuc of Detroit passed two Senators in the seventh and an infield out and a sacrifice fly followed the crowd went home to supper.

Cravath of the Philadelphia Nationals started at the plate, fathoming three outs and managing to give a show on the hit out of our trips to the gutter.

Cincinnati practically gave the game to Philadelphia, making three errors in the field and four in the battery.

The Little Man from Egypt beat St. Louis when Mowery of Brooklyn tapped an easy one in the eighth and took a foul ball over the first sucker's cone and let two runs in.

Glantz won their sixth hit when they beat the Cubs, 3 to 2. Tinker was hooked for debating a decision.

SEASON OPENS AT BUTTE TODAY

BUTTE, Mont., May 16.—Russ Hall and his Tacoma team of the Northwest League, under McGinnis, participated in an automobile parade last night through the streets of Butte, with fully 50 automobiles took part. The Tacoma team arrived this evening and was met by a large delegation of fans enthusiastic over the opening of the season in Butte.

Indications are for an ideal day for the opening.

STANFORD SPRINTERS LEAVE FOR EAST

PALO ALTO, May 16.—Thirteen crack track men, who will carry the colors of Stanford in the dual meet at Ann Arbor and the big 7.5 mile race at Detroit, left for the East today.

The Cardinal student body escorted the athletes to the station and gave them a rousing send-off. The list of performers includes Murray, Kirksey, Apperle, Wilson, Schnell, Norton, Caughey, Lachman, Sisson, Lynn, Wilson, and Fouse. "Doc" Reynolds, the Stanford trainer, accompanied the team.

WILSON TO CAPTAIN WASHINGTON TEAM

SEATTLE, Wash., May 16.—Ross S. Wilson of Bellingham, a member of the junior class, was elected captain of the University of Washington baseball team for next year at the annual election last night. Wilson was catcher on this year's team.

RESTA ENTERS BIG CHICAGO RACE

CHICAGO, May 16.—Entries for the 300-mile automobile race to be held at Chicago June 10 are now being received and eleven have already been listed, about half of them of foreign make. Dario Resta, winner of last year's 600-mile race in the Speedway, will be in this year's event.

ROGERS TO BEAVERS FISHER TO REDS

CINCINNATI, Ohio, May 16.—President Hermann of Cincinnati Nationals announced today that Second Baseman William K. Rogers will be sent to Portland, Ore., of the Pacific Coast League as soon as Robert Fisher arrives here. Fisher, who was today purchased from the Los Angeles club, will be used as infield utility man, according to Mr. Hermann.

RODERS WILL LEAD BEAVERS

PORTLAND, Or., May 16.—Bill Rodgers was released today by the Cincinnati National League Club to the Portland Club of the Pacific Coast League. He will join the Beavers at Salt Lake Saturday.

Robinson will be given his old berth at second base on the Portland team. Bobby Vaughn will be shifted to shortstop and Ward will be released. Hollister will be retained as utility infielder. Rodgers also will become captain instead of Vaughn.

COLLEGE BASEBALL

SYRACUSE, N. Y., May 16.—The Syracuse Nationals have scored a 7 to 5 victory over the University of Michigan nine here. Slater, who pitched for Syracuse, won his own game by a two-base hit with two men on base.

Score: R. H. E.
Michigan..... 5 10 2
Syracuse..... 7 10 1
Batteries—Robins and Dunes; Slater and Morgan.

PERCY AND FERDIE---There'll Be No Lionizing To-day.

By H. A. MacGILL

Creator of the Hall-Run Boys

JERRY, WE'RE GOING TO MAKE A SOCIAL LION OF YOU. THE MISSES MILLIONBUCKS WANT TO MEET YOU AND HEAR HOW YOU WON THE V.C. MEDAL IN FRANCE. THROUGH THEM, WE'LL MEET THE 100 TOO. FINISH UP AND WE'LL START OUR CAMPAIGN.

YES, SOCIETY IS NUTS ON MILITARY HEROES.

LET'S GET SOMETHING TO SMOKE FIRST.

THERE'S A CIGAR STORE.

I'LL BE OVER LOOKING AT THE WAR BULLETIN.

HERE'S YOUR CIGAR JERRY. COME ON PERC. ARGUING WON'T STOP THE WAR.

IT ISN'T INTERNATIONAL LAW!

LAW MY EYE! THE SUBMARINE IS A NEW ISSUE THAT MUST BE--ETC.

YOU'RE ALL WRONG.

BEAF EATER!

BOCHES!

THIS IS NO PLACE FOR MOTHERS' BOYS.

BUT JUDGE, WE WERE ONLY HAVING A LITTLE FRIENDLY ARGUMENT, WHEN--

IT WASN'T EVEN ARGUING YOUR HONOR!

IT LOOKS LIKE IT'S 10 OR 30 DAYS EACH FOR DISTURBING THE PEACE.

Well, Well! "Li'l Arthur" Defends His "Title" Again Jack Johnson Bobs Up in Spain as the Heavyweight "Champ"

Jack Johnson is still the heavyweight champion of the world. At least, that is what the sporting gods of Barcelona, Spain, believe. In such a place, there are many things to be done. The "Li'l Arthur" has been crowned champion of the world by the V.C. Medal in France. Through them, we'll meet the 100 too. Finish up and we'll start our campaign.

Barcelona seems to have made a great hit with the big black man. It is declared that he is about to be crowned champion of the world by the V.C. Medal in France. Through them, we'll meet the 100 too. Finish up and we'll start our campaign.

What had become of all the "young" and "old" who were formerly known as "Li'l Arthur" and "Jack Johnson"?

Could you imagine Gumbert Smith asking for a \$100,000 prize to fight in Sydney, Australia? That is just what the Gunner has done. He lately won a \$100,000 prize for that sum. However, it is certain that "Snow" will turn it down. Time was when the Gunner would have received that sum, but that's long ago.

Have a cure, Jens Willard, have a cure! One of the recent arrivals from Ireland is a young County Mayo giant, who stands seven feet three inches in his stocking feet, has a reach of 84 inches (which is ten inches more than Willard), and weighs 310 pounds stripped for action. The young giant is a relative of Martin Sheridan, the former Olympic athletic star, and is being groomed for the ropes arena. His name is Michael Sheridan. He is 20 years old and still growing. His famous relative will have him placed under a competent boxing instructor, and when he has advanced far enough will spring him on the public. But didn't Bob Fitzsimmons say that "the bigger they come the harder they fall"? Wonder if the newcomer will remind us of this saying.

Efforts are being made to match Johnny Kilbane and Kid Williams at the present time. Both are in the ring. It is impossible for Kilbane to do. Of course, Williams comes back with the argument "I am the champion and I don't have to come back." As Williams is also a champion and has made a name for himself, it is not surprising that Kilbane makes his little kick coming.

A shrewd matchmaker would not think of matching this pair again, for the Eastern reports of the Kilbane-Williams bout stated that the former made a monkey out of Mr. Gulekko and almost knocked him out. However, if Williams insists on the 125-pound limit there will be nothing doing so far as Kilbane is concerned.

Joe White, Sammy Morris and Kid Carter, three aspiring boxers who will display their best wares at West Oakland Wednesday evening.

THEY'LL STEP IN RESIN BOX WEDNESDAY NIGHT

Joe White, Sammy Morris and Kid Carter, three aspiring boxers who will display their best wares at West Oakland Wednesday evening.

FINANCIERS DELAY PLAN IN O. T. CO.

Careful Analysis Basis
of Report to
Creditors

Need of Adjustments
Most Imperative at
Present

The committee organized some months ago to draft a plan of reorganization for the San Francisco-Oakland Terminal port for presentation to the security holders. The committee reaches the conclusion that the status of this particular street railway property is such that it is impossible at present to obtain new capital for investment therein and that until such new money can be obtained the drafting and publication of any plan of reorganization would be purposeless.

This reorganization committee of twelve contains representatives of practically all outstanding securities, identified with the leading banking and investing interests on both sides of the bay, including Messrs W. W. Garthwaite of the Oakland Bank of Savings, J. F. Carleton of the Central National Bank of Oakland, F. B. Anderson of the Bank of California, San Francisco; Mortimer Fleischacker of the Anglo-California Trust Company, Percy T. Morgan of the Union Trust Company, John S. Drum of the Savings Union Bank and Trust Company, Benjamin H. Dibble of E. H. Rollins & Sons, John D. McKee of the Mercantile National Bank, A. F. Morrison of Morrison, Dunne & Bruck, E. J. McCutcheon, Oliver & Willard, George A. Batchelder and G. K. Wenck.

RECIPROCITY.
As introductory to the submission of its report the committee says:

"It was hoped at the outset that the difficulties in which the company is involved could be overcome by a reorganization or readjustment of liabilities, but a further examination of underlying conditions has convinced your committee that the chief problem before the company, which is to obtain new capital for extensions and improvements to the traction and ferry system, cannot be solved in this way.

"Before the company can be reorganized on a sound financial basis and before investors can be induced to put new money into the property, there must be a fundamental change in the nature and terms of its franchises as a guarantee of protection both to the public, which depends upon your company to provide an adequate and efficient transportation service, and to future investors who may be induced to supply the new capital. The problem, therefore, presents two aspects. One involves merely the internal financial structure of the company and concerns only the security holders, who ultimately must effect an adjustment by an agreement among themselves or with the assistance of the courts. The other, however, has to do with the reformed interests of the company and the public."

Based on the findings of the railroad commission in its elaborate investigation made in 1914 and 1915, the committee found that the reorganization cost of the property of the company as of February 23, 1916, was \$28,950,444 and the total of outstanding indebtedness (including certain items which the committee states are of a balance sheet character merely), is \$25,415,642, including unsecured indebtedness to affiliated interests of \$61,000. Based on these figures presented in detail the statement is made that:

"Your committee is convinced on the basis of figures presented by the com-

NEW TALES OF PIONEER DAYS HISTORY WRITERS AT WORK

Remember the things that happened in Oakland twenty years ago? Many Oaklanders do—others have heard of them. Twenty years is not such a long time, but what a lot of things can happen in it! Oakland grew from a village to a city in twenty years. Great buildings are now clustered about the place where two town streets, some telegraph poles and a few old oak trees used to be.

On the 28th of this month The TRIBUNE will print the stories of twenty years ago, written by old residents of the city for the "Twenty Years Ago" contest. The editor of the contest has gone over the manuscripts thoroughly and has found some great material. In fact, it is so good that he hardly knows where to award the prizes, and so will call in a committee of writers and pioneers to help him. This committee will meet shortly and will decide on the winning manuscripts.

In the meantime the "Twenty Years Ago" stories will be published on the 28th, the last Sunday of this month, in the "Twenty Years Ago" edition. This will be a big feature section in addition to the regular splendid Sunday magazine. It will contain the tales of pioneers, stories of Oakland when Oakland was young, and a remarkable series of reminiscences of men and events of the time when the city was in its swaddling clothes. Many of the men mentioned are alive today. Many of Oakland's people today remember the days of two decades ago. For the rest, they have heard their fathers or mothers talk of these old days, no doubt.

So watch for The TRIBUNE'S "Twenty Years Ago" edition, May 28th.

Announcement of the committee will follow shortly, and of the winners will follow shortly.

TWO BANDITS ROB OAKLAND TROLLEY CREW

Unmasked Men Get \$23 From
Conductor of Fifty-fifth
Avenue Car.

The crew of a fifty-fifth avenue electric car was held up at the terminal of the car line at Trask street, shortly after midnight last night by two armed bandits. The men were unmasked and boldly accosted Conductor Frank Vanella, 1251 Third avenue, as he was in the act of attempting of the car to turn the trolley. They obtained \$23 from the conductor.

While one of the bandits was looting the pockets of Vanella the other man jumped from the dark at the side of the road and pointed his revolver at Motor-

man George Fawcett, 5520 Valley street, as McFarland came around the corner of the car to see what was delaying Vanella. After robbing the two men the bandits ordered them to make no outcry and then walked backward away from the car. The trolley had been pulled from the wire so that neither of the men came into the light during the holdup. Neither Vanella or McFarland were able to give a good description of the bandits.

The police were notified and a vain search was made of the neighborhood.

Committee Reports Heard by Y. M. C. A.

CLEVELAND, May 15.—Today brought the closing sessions of the International Y. M. C. A. convention. The forenoon session was devoted to consideration of the reports of the committee on findings and of the committee on the international committee's report. Dean E. J. Foxworth of Oberlin also spoke.

Art Smith Stoned; Japanese Apologize

TOKIO, May 15.—Art Smith, American aviator, was today in receipt of a communication from Count Oyama, premier of Japan, expressing regret for the episode of May 14, when a mob stoned Smith at Osaka because he delayed making an advertised flight.

Last of L. Divers Launched in Quincy

QUINCY, Mass., May 15.—The submarine L-11, the last of seven vessels of this class built by the Fore River Shipbuilding Corporation, was launched here today. The submarine, which is 170 feet long, is one of the largest in the United States navy. She will have a cruising radius of 5000 miles.

DENIES SHARE IN INFLUENCING AGED WOMEN

Ralph Putzker Refutes Charges
of Dr. Kleeman in Suit for
Guardianship.

Denial that he is in any way involved in the difficulties between Dr. George E. Kleeman and his mother, Mrs. Natalie Kleeman, or that he has sought to exert any influence over the aged widow in regard to money matters, was made today by Ralph Putzker of Berkeley, son of Professor Allen Putzker of the University of California.

Dr. Kleeman, who has commenced proceedings in San Francisco to have his mother adjudged incompetent to manage her large estate, charged that Putzker had influenced Mrs. Kleeman through her daughter, Mrs. Stella Jarvis, with whom she lives at the Edgelystone Apartments in San Francisco.

As a reason for his seeking guardianship over his mother, Dr. Kleeman recites that she has a fortune nearly one-half of her \$125,000 fortune left her by her husband, who was a well-known physician in San Francisco ten years ago.

"My brother has succeeded in having his mother placed in a state institution and now he wants to put my mother away so that he can get control of her estate," said Mrs. Jarvis.

Modesto Gas May Sell Block of Bonds

SAN FRANCISCO, May 15.—The State Railroad Commission this morning authorized the Modesto Gas Company to issue and sell \$55,000 in bonds, and the Modesto Gas, Light, Coal and Coke Company to transfer to the Modesto Gas Company all of its property in exchange for 955 shares of that company's stock and the buying company's assumption of liabilities. The purchaser is allowed to issue \$200,000 worth of bonds, but at present to sell only the \$55,000 above mentioned, to be used to refund promissory notes and pay off indebtedness.

Walnut Creek Boy Shoots Himself

MARTINEZ, May 15.—Near death from a self-inflicted bullet wound in the stomach; Charles Pinner, 15, son of a Walnut Creek rancher, lay in the county hospital here today. Following a disagreement with his parents last night, the boy shot himself with a .38-caliber revolver.

WIRELESS OF ROANOKE NOT USED, CHARGE

Private Messages, But No
Warning, Is Testimony
Given

Inspectors Will Report
Findings to Federal
Chiefs

SAN FRANCISCO, May 15.—A new sensation developed this afternoon in the inquiry of the federal inspectors into the wreck of the steamer Roanoke when it was learned that private wireless messages had been sent ashore from the vessel an hour before she foundered. That these dispatches were of a private character and contained no information as to the condition of the vessel is the belief of Captain Guthrie, but nevertheless they will be traced down and investigated and they form an illuminating light upon the condition of the wireless apparatus showing it was working a short time prior to the wreck.

Olaf Swanson and P. Kersey, stevedores, and Customs Inspector P. Huffaker, were the witnesses questioned during the morning regarding the heavy cargo.

Captain Joseph Dolan, who conducted the investigation, gave out a statement which might be taken as a summary of the evidence heard.

"The complete report of the hearing and our recommendations will be made to Washington," said Captain Guthrie this morning. "So far, however, the testimony seems conclusive that the cargo shifted just before the wrecking of the vessel. Some of the witnesses told of a list as the Roanoke passed through the Golden Gate. It seems to be generally admitted, however, that the list was only a slight one and not as marked and as decided as seems to have been the general opinion. A slight list is not necessarily unusual and while causing remarks would not necessarily mean that the vessel would be in danger. Just what caused the cargo to shift has not been developed and the three survivors on board examined by us frankly do not know just what happened before the Roanoke fell apart."

Today three stevedores working under William Miller, the foreman employed to load the Roanoke by the North Pacific Steamship Company, were called as witnesses. They told of the placing of cargo in cabins and of the fact that paraffin had been torn out to allow for increase storage space.

It is not unlikely that one or two other witnesses will be examined, but of this Captain Guthrie was not sure today. He declared that the most important witnesses had already been heard and that unless some one voluntarily came forward with information today's hearing would end the inquiry.

British Striving to Adjust Mail Case

WASHINGTON, May 15.—The British ambassador, Sir Cecil Spring-Rice, told Secretary Lansing today that his government is striving to eliminate the delays and interference to mails to which the United States is again about to make protest, but that Great Britain could not relinquish its claim to the right to prevent the use of the mails for transmission of goods or information by its enemies.

DETECTIVE DISCREDITS WM. HASSE

Suggests Waiter Who
Shot Swanberg Has
Planned Escape

"Double Life" Charge Is
Part of Suggestion of
Operative

SAN FRANCISCO, May 15.—A theory to the effect that William Hasse, who shot Charles O. Swanberg of the Portico Lounge Cafe, is alive and may have led a dual life, advanced this morning by O. H. Heyneman, a private detective, is characterized as unlikely and extremely improbable by Dr. M. C. Keck, the Hasse family physician who has known him for fourteen years.

CLEVER RUSE.
"I believe that Hasse perpetrated one of the most clever ruses that has ever been brought to my attention, leaving pellets marked poison behind him, and then disappearing," declared Heyneman today. "It has developed that the pellets are not poison and I have heard that Hasse paid a \$200 premium on his life insurance policy of \$10,000 three days before he disappeared. I have also discovered that whereas his income averaged \$350 a month, his living expenses were less than \$100 and a fat bank account which he was supposed to have and which his wife believed he had, cannot be located."

Heyneman's claims are refuted by Dr. Keck, who declares him to be mistaken and who maintains that the tablets examined by the official city chemist of San Francisco were found to contain bichloride of mercury.

DOCTOR SAYS NO.

"I had an examination made of the tinnet meat supposed to have caused Hasse to suffer from ptomaine poisoning," asserted Dr. Keck. "This was found not poisonous and I so informed Heyneman. The tablets, however, are reported as containing bichloride of mercury by the city chemist. Hasse paid his life insurance policy because he was due, that is all. He had \$55 in one bank and \$100 in another when he left. He had not as much money as was supposed. He dropped some money in the Mint saloon in Oakland where he went into partnership three years ago and he lost \$200 in a second-hand store venture here recently. Walters do not get as much money as is generally believed. It is come easy, so easy with them."

County Given Another West Point Appointee

Alameda county has been allotted an additional appointment to West Point under the new act recently passed by Congress, according to word received by Congressman J. A. Elston from the War Department.

The preliminary competitive examination for the designation of the principal and two alternates for this appointment will be conducted by Principal Charles E. Keyes of the Oakland high school at an early date. All applicants have been asked to refer to him for particulars.

Grain Shipments Are Cause of Man's Arrest

DEVER, May 15.—The arrest of Roy V. Smith Jr. at San Bernardino, Cal., announced here today, is believed to end the search begun five years ago for a man who is alleged to have victimized commission merchants of several Western cities of several thousand dollars through forged bills of lading on grain shipments.

Autoists Stalled; Aid Flits By Then Tow Breaks; Car Again Stranded

If Robert Robertson, prominent member of the Oakland Rotary Club, had carried a megaphone with him during a week-end motor trip to San Jose he might have been spared a series of tantalizing experiences that followed the stalling of his machine.

Robertson and his wife were returning from a visit to their son, who attends school at San Jose, when their car broke down outside Pleasanton. An Oakland garage was requested to despatch a car to tow the disabled machine home. After more than an hour's wait the garage car appeared, and Robertson, who knew the driver, shouted and waved his hand for him to stop. But the garage man did not hear, and not noticing Robertson's car in the dark, continued on into Pleasanton in search of the stalled auto.

Chagrined but not daunted, Robertson set to work on his car and got it into working order again. He had not resumed the journey Oaklandwards for long, however, when the machine again broke down. Just then the garage car turned up again on its way back from Pleasanton after failing to find Robertson's car. The machines were hitched together and all went well until the outskirts of Hayward were reached. Here the tow rope parted. Robertson again shouted his protest, but to no avail. His warning went unheeded. Not until Fruitvale was reached did the garage man realize he had left the other auto behind. Before he could return to Hayward and again hitch up the Robertson car, the tow rope again broke, leaving the road side. Home was reached by 2 o'clock in the morning.

WHAT IS DOING TODAY

Merchants' Exchange meets, 5 p. m.

Annual Phi Beta Kappa address, California Hall, U. of C. 4 p. m.

Leased Club shirtwaist dance, St. Anthony's Hall, evening.

"Hanging a Frog" by university players, Twentieth Century clubhouse, Berkeley, evening.

Reception to the blind and deaf students, California State School for the Deaf and Blind, Berkeley, evening.

Costume party, Berkeley Chapter, O. E. S., Masonic Temple, Berkeley, 8:45 p. m.

Benefit program for El Carmelo Mission restoration fund, Twentieth Century Club, evening.

Macdonough-Otis Skinner.

NEW ISSUE OF STOCK TO AID SHIPS

Pacific Mail Plans to
Sell \$4,000,000 in
Securities

Old Glory to Again Fly
on Western Ocean to
Orient

An increase in the capital stock of the firm, swelling it by \$4,000,000, is the latest move of the Pacific Mail Steamship Company, which is to re-enter business again, according to news received by Oakland shippers today. The authorization for increase of the stock is expected at any time, according to word from New York, the issue to pay for three new ships and provide funds for other purposes.

The old Pacific Mail Company had quit business following the going into effect of the La Follette seamen's act. The formation of the new reorganized company means the restoration of the American flag to Pacific shipping, this being now practically assured.

The old firm was in process of liquidation when Eastern capital took over the Southern Pacific shares in the corporation. W. B. Grace and several others buying in. Grace and the American International Corporation suddenly gained control of the stock and announced a return to business June 17. They proceeded to buy more boats, the old Pacific Mail liners having been sold, and the present plan for the stock issue is to cover these expenditures. Several of the ships, which had been placed in storage, were held back at the last stockholders' meeting, among these being the City of Para and several others. A new fleet of vessels will make the trips from the coast to the Orient.

Arrangements for alternate week sailings will be made. The Tokyo Kisen Kaisha have been made.

With the increase in capitalization voted today, at a special meeting of stockholders 20,000 shares of preferred stock, and 400,000 shares of common are to be issued. An immediate issuance of 17,000 in preferred and 300,000 in common was authorized. It is to be offered to the stockholders at \$100 per share for preferred and \$5 per share for common stock.

Says Wife Stabbed Him in the Leg

SAN FRANCISCO, May 15.—It's a far cry from the lounge rooms of San Francisco's most exclusive clubs to the front seat of a jitney bus when Horton P. Phipps, well-known in local society, has jumped to his feet and given explanation for being found in a divorce action which he began today against his second wife, Gertrude D. Phipps.

It was on the very day that Phipps was divorced by Hazel Valerie, Kirmesa dancer and favorite on the Orpheum circuit, that he found out the explanation. He was found in a divorce action which he began today against his second wife, Gertrude D. Phipps.

It was on the very day that Phipps was divorced by Hazel Valerie, Kirmesa dancer and favorite on the Orpheum circuit, that he found out the explanation. He was found in a divorce action which he began today against his second wife, Gertrude D. Phipps.

Laughs at Charge Brought by Wife

SAN FRANCISCO, May 15.—Kelly E. Garton, accused of assault with a deadly weapon for chasing his wife out of the house with a bathtub, laughed heartily this morning in Judge Oppenheimer's court and declared there was nothing to the accusation. The magistrate ordered him into the dock, raised his bail to \$1000 and instructed the arresting officers to bring in the wife tomorrow morning. Garton is proprietor of a real house near the San Mateo county line.

BUILDING FALLS IN, NINE KILLED

Blast Undermines Ohio Structure, City Joins Rescue Work.

AKRON, Ohio, May 16.—Four men, four women and a little girl were dead and twenty were injured today as the result of a building collapse here last night.

The old Beacon Journal structure, now housing the Crystal Restaurant, was wrecked by four successive blasts in nearby excavations, while a crowd was dining.

A explosion followed explosion the walls trembled, then the roof came in and the entire building crumpled into debris. Flames began leaping through the ruins as imprisoned victims screamed for help.

Quick work on the part of firemen prevented the blaze from eating up the bodies of the killed. A police investigation of the disaster was started today.

CITY RESPONDS

Battery B, Ohio National Guard Field Artillery, was called out to aid the police in restraining a crowd of more than 10,000 persons who packed the streets at Main and Quarry, where the accident occurred.

A tremendous roar, echoing the screams of dying people brought thousands to the scene of the disaster. In the heart of Akron's business district, instantly the entire city, rallying under the shock, plunged to the work of rescue.

A great pile of ruins, broken timbers, twisted steel and tons of brick and mortar, buried the victims, who a moment before were dining in the restaurant.

Eight bodies soon were taken out of the wreckage. Firemen, police and volunteer rescuers had worked frantically digging and chopping through the debris.

Nineteen more, many of them fatally injured, were extricated and sent to the City and Peoples hospitals. Only two or three of the others known to have been in the restaurant, succeeded in escaping before the crash.

George Zerris, who, with his brother, Augustus Zerris, owned the restaurant, escaped from the kitchen together with a cook and two dishwasher. But all were injured by falling bricks.

DYNAMITE CAUSE

Blasts of dynamite, set off in an excavation for a new building directly north of the restaurant, unsettled the foundation. The restaurant was a one-story structure, with a two-story front, and the taller, toppling backward as a weight of many tons to the falling roof.

A dynamite charge set off fifty feet away from the restaurant a few minutes before the disaster is believed to have been the direct cause.

At a late hour last night the body of Dorothy Adams, 21, eastern Union telegraph operator, was identified, making a total of ten victims. Miss Kenyon had gone into the restaurant to spend ten minutes at lunch. She arrived just in time to be crushed to death. At 9:30 the search for bodies was given up, and the crowd around the wreckage, building and demolished to the militia was relieved of duty.

The list of identified dead follows: William C. Lawson, 486 Woodland avenue, Akron.
H. W. Raney, 367 East Buchtel avenue, Akron.
Rev. D. S. Zimmas, Cumberland, Md.
Blanche Kline, Mansfield, Ohio.
C. A. Tompkins, 1661 Jonathan avenue, Cincinnati, Ohio.
Mary Lawson, 486 Woodland avenue, Akron.
Mrs. E. D. Gallup, Cambridge, Ohio.
Two girls, unidentified, believed to be waitresses.

Civilization Makes Progress in Luzon

How the head-hunters of Luzon are being reformed from their barbaric customs will be related by John A. Staunton Jr., at St. John's hall, Grove and Eighth streets, tonight, at 8 o'clock. Staunton has been engaged in an attempt to civilize these savages and his experience in leading them away from their ancient customs of taking off the heads of their enemies makes interesting tell.

His lecture, to which the public is invited free, will be illustrated by moving pictures and colored slides.

Chaplin in New Play 'Floorwalker' Big Hit

CHARLIE CHAPLIN.

Antics in Big Department Store Funny Ones

Charlie Chaplin's first Mutual picture is a scream of laughter. "The Floorwalker," first of the Mutual-Chaplin series, opened yesterday and will continue all week at the Broadway Theater and proved to be a riot of laughter. Chaplin has worked in some of the most ludicrous stunts he has ever performed for the camera. His antics on the escalator, his funny positions and situations that he can surround himself with, cause hearty laughter for the thirty minutes that the picture is on.

Chaplin, refreshed from his last rest, furnishes the longest and best laugh in many a day in the "Floorwalker." It is a picture of a man who is a floorwalker in a department store. There will be no advance in price for this special big double feature program at the popular family theater and the picture will be run continuously every day, starting at 10 a. m.

Starting Wednesday, Margaret Clark in "Mollie Make Believe," the Burton Holmes travel picture, "Riding with the Jockeys" and the Bray Cartoons rounds out a big show as well as being headed by the greatest screen stars that have ever appeared on one bill.

FRIENDS TRADE PLACES AT ALTAR

Interchanging the courtesies of bride and groom, two young couples stood before Rev. George W. White of the First Methodist church yesterday at an interesting wedding ceremony.

First, Arthur Eldon Tyler and Miss Augusta Larson of this city were married. While Paul Conrad Leschinsky of Berkeley and Miss Mary Karmely of Oakland were their respective attendants.

Then, the arrangements were reversed and Leschinsky and Miss Karmely were joined in the holy bonds while Mr. and Mrs. Tyler supported them at the altar. All four of the young people have been friends for some time and their mutual friends, Charles Bender and Mrs. Martha Kuehne, were also present at the ceremony.

Hear Threat When Struck by Machine

LIVERMORE, May 16.—Three Oakland automobilists—Lisle Carter, Jack Somers and Jack Connolly—after colliding with and wrecking a four-horse surrey containing four Livermore boys, are alleged to have threatened to have the boys arrested for interrupting their auto trip.

Stable Seeband was summoned by the boys and the motorists were allowed to go after paying \$150 for the damage to the surrey. The boys were Walter Madison, Leo Hennison, Peter Murray Jr. and Angus McDear.

ACCUSED OF ROBBERY

MARTINEZ, May 16.—Three men, who gave their names as James, were arrested in Pinole and lodged in the county jail here on charges of highway robbery. It is alleged they first held up Manuel Dougan, taking \$24.25 from him, and later relieved John Smith of \$10.

Elks Send to Mexico to Get Wild Sticks

DICKINSON, N. D., May 16.—Because there are no more wild sticks in the wild and woolly West, the B. P. O. E. Elks convention, meeting here today, had to send all the way to Mexico to get some to be used in a pageant tomorrow.

Fish Know Lid Is Off; Duck for Moss

DES MOINES, Ia., May 16.—Seven million black bass that sported and "struck" playfully at the surface of Iowa's streams and lakes all spring, suddenly ducked to the deepest moss today. The fishing season opened and with the first strike of the anglers the fish seemed to realize the lid was off.

Banks Aid Work of American Red Cross

NEW YORK, May 16.—Virtually all the banks in New York City have united in a campaign to help increase the local membership of the American Red Cross. The campaign will begin among the bank employees and will then extend to depositors. The expectation is that 100,000 new members will be obtained before Memorial day.

WILL FAY DIVIDENDS

Edward S. Munford, receiver of the Union National Bank of Oakland, announced today that he will begin paying a 10 per cent dividend to depositors and continue until all checks are called for. This dividend will make 100 per cent on all proved claims.

Blue Bird Department of Good-Fellows

Three little basement rooms are waiting for a man and wife to occupy them. Two of the rooms are furnished and the third, a sort of a kitchen, is roughly furnished. There is a front entrance to these rooms, and they are really very comfortable.

Now this is the proposition. The people who live upstairs are going away on their vacation on the 25th of this month, and they want someone to look after the garden and feed some pets. They are willing to give the rent free for the duration of their vacation, and should the parties prove satisfactory, they may stay there indefinitely with free rent, in return for a little work in the garden, which can be done during spare time. Children are welcome, but no children, and who are in strained circumstances, this we think, would be a splendid opportunity for them to get on their feet again. It is close in to Oakland and should the rent have a job, it would be convenient for him to go to and from his work every day from this location.

What poor girl about 15 years of age would like to take a vacation for two weeks, having her expenses paid both ways, in return for taking care of a little child.

We know of a family that are planning to go to Henshewburg the first week in June, and want to take with them a child—some girl who would not be able to get a vacation any other way, and one who would really be benefited by it. The child to be looked after is about four years old, and that is all that would be required. The young girl, if any of you know of some girl from a poor family, who really needs a vacation, and would care to benefit by it in this way, we wish you would please let us know.

A mother with a little tiny baby in her arms stepped into this Bureau today. The baby was a dear little thing, but its chief complaint was no wardrobe. The mother had a few clothes which it had on at the time were all that she possessed for it, and they certainly were few indeed.

Just at that identical minute another little stepped into this Bureau with a bundle in her arms, and said she had some infant's clothing that she wanted to dispose of. After looking at the lot and the face of the mother who was in search of baby clothes, and the little baby which she held so tenderly, the mother's glance was so plain at a moment's glance that we needed no further words. Truly with the bundle she came and she handed her parcel over to the mother.

Peeking into the bundle we saw some little nightgowns, some cute little dresses.

CARRIES RED LIGHT IN MORNING WALK

Arthur Benson, 17 years old, was found wandering with a red lantern he had taken from a steam roller early this morning, and explained to Patrolman L. P. Nielsen that he was looking for a street light. He said he had been walking in the dark and had seen a red light in the distance. He had taken it and was carrying it in his pocket. The light was confiscated and the Chinese taken into custody. He was unable to furnish bail of \$2000.

CHINESE ARE ARRESTED

ARRESTED, May 16.—In an optical raid, conducted in the local Chinatown by three Federal officers yesterday afternoon, Ah Mun, a Chinese bookkeeper, was arrested when a tin of dynamite was found in his pocket. The dynamite was confiscated and the Chinese taken into custody. He was unable to furnish bail of \$2000.

LEGAL NOTICES

ORDINANCE NO. 11, N. B. AN ORDINANCE CREATING ADDITIONAL POSITIONS IN THE OFFICE OF THE CITY CLERK, AND PROVIDING THE METHOD OF APPOINTMENT.

BE IT ORDAINED BY THE Council of the City of Oakland as follows: SECTION 1. That the City Clerk is hereby created in the office of the Auditor and Ex-officio Assessor, fixing the compensation therefor, and providing the method of appointment.

UTILITY FOWL WILL BE FANCIER'S THEME

"What Constitutes the Utility Fowl" will be the subject of a lecture by Prof. J. L. Dismick of Santa Rosa before the Alameda County Poultry Association in the Y. M. C. A. building, Friday evening. The public is invited to attend the lecture, which promises to be one of the best of the series.

CHOPS OFF FINGER

MARYSVILLE, May 16.—Joseph Nelson, wealthy farmer of Tudor, Sutter county, has had eight fingers on the first finger of his left hand during the last five years. The other day the finger was chopped off. Nelson placed the finger on a block and, with a hatchet, chopped it off. He bandaged the stump and declares he will cut off every finger as fast as a felon starts.

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to disperse them. To do this get about two ounces plain powdered norexin from any drugstore—sprinkle a little on a hot wet sponge—rub over the blackheads briskly—wash the parts and you will find the blackheads have disappeared. Blackheads, little blackheads, no matter where they are, simply disappear when treated with norexin. Blackheads are simply a mixture of dust and dirt and secretions from the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out at the source. The norexin is a powdered norexin and the water simply dissolves the blackheads so they are blown off the skin. The norexin is clean and in its natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

of Supervisors of the several counties of the State shall determine the amount of loss to each road district of the County, occasioned by the withdrawal of the County General Fund, and the State purposes only, and that said loss shall be repaid to such districts from the County General Fund, one half to be paid in the month of May next thereafter, and the other half to be paid thereafter by it.

Resolved, That the above amount be and the same is hereby ordered transferred to the County General Fund to the credit of the Road Districts, and the Clerk of the County is hereby directed to make the proper entries of said transfers of said funds in accordance with the County General Fund books.

On motion by Supervisor Foss, the resolution was adopted by the following vote: Ayes—Supervisors Foss, Hoyer, Mullins and Chairman Murphy—4. Absent—Supervisor Kelley—1.

THE FOLLOWING RESOLUTION WAS INTRODUCED: Whereas, The County Treasurer has this day reported to this Board that there is now in the County Treasury the sum of three hundred and fifty and 50/100 (\$350.50) dollars derived from delinquent county taxes, subject to appropriation for the payment of the County General Fund, and the several district road funds of the County according to law.

Resolved, That the County Treasurer be and he is hereby empowered and directed to appropriate the amount among the several district road funds of the County according to law. On motion by Supervisor Foss, the resolution was adopted by the following vote: Ayes—Supervisors Foss, Hoyer, Mullins and Chairman Murphy—4. Absent—Supervisor Kelley—1.

TRANSFER OF FUNDS. The following resolution was introduced: Resolved, That the sum of \$500.00 and the same is hereby ordered transferred from the County General Fund to the Road Districts, and the Clerk of this Board is hereby directed to make the proper entries of said transfers of said funds in accordance with the County General Fund books.

REPORT. Bridge Tender—Accident at Webster St. Bridge. District Attorney. A communication was received from the Charity Organization of Berkeley enclosing a check for \$40.00, being a refund of the transportation money for a child who had been taken to the County Jail. The check was directed to deposit the same in the County Treasury.

SAINT PAUL AVE. Mr. Robinson addressed the Board on the question of the maintenance of San Pablo avenue, setting forth the position of the Board and the County. The matter was referred to the Committee of the Whole.

PARTIAL PAYMENT. A certificate was received from Henry H. Meyers, architect, stating that Schnelberger & Pedgett had completed sufficiently the work on the Alameda County Detention Home to enable the Board to make a partial payment of \$100.00, and recommended same. On motion by Supervisor Foss, the resolution was adopted by the following vote: Ayes—Supervisors Foss, Hoyer, Mullins and Chairman Murphy—4. Absent—Supervisor Kelley—1.

CONTRACT AWARDED. The following resolution was introduced: Whereas, This Board on the 8th day of April, 1916, ordered the Clerk to advertise for proposals for pumps, motor, tank, etc., for a water supply system for the County of Alameda, and the Clerk has this day received the following bids: The following bids were presented for said work:

Whereas, Ray Simonds bid for \$1277.00 is the lowest and most satisfactory proposal, received, and the Clerk has this day received the following bids: The following bids were presented for said work:

Resolved, That the contract for pumps, motor, tank, etc., for a water supply system for the County of Alameda, be and is hereby awarded to Ray Simonds, at the sum of \$1277.00.

On motion by Supervisor Foss, the resolution was adopted by the following vote: Ayes—Supervisors Foss, Hoyer, Mullins and Chairman Murphy—4. Absent—Supervisor Kelley—1.

RECEIPT FILED. A Treasurer's receipt for the sum of \$25.00, being the amount of the County General Fund, was filed.

PARTIAL PAYMENT. A certificate was received from Chas. P. Weeks, architect, stating that The Turner Co. had completed sufficient work on the Alameda County Detention Home to enable the Board to make a partial payment of \$100.00, and recommended same. On motion by Supervisor Foss, the resolution was adopted by the following vote: Ayes—Supervisors Foss, Hoyer, Mullins and Chairman Murphy—4. Absent—Supervisor Kelley—1.

On motion by Supervisor Foss, the resolution was adopted by the following vote: Ayes—Supervisors Foss, Hoyer, Mullins and Chairman Murphy—4. Absent—Supervisor Kelley—1.

COURT HEARS TALE OF BEACH FIGHT

Alameda Justice Has "Cop" Demonstrate Manner of

ALAMEDA, May 16. — Judging from the "striking demonstration Police Officer" who hit a rave in court this morning, the fight which ended in a boxing resort Sunday afternoon between the officer, A. Itelip and Sam Samon, was not a fight worth every second of the time from the start of the song till the end of the one-round affair. Right and left, jab and cross, arm jabs, hipers and cross punches, and a few back whacks or two from a policeman's club, marked the scrimmage.

Samon landed the most blows but the copper swung his club once or twice and probably evened up things. Britt illustrated the punches as received as he was in the boxing ring. He swung his arms in approved pugilistic style and said one man swung the right of his jaw and a little later the left.

left side of the self-same jaw.

Police Officer William Toaspern and Chief of Police John Conrad, accompanied by Officer W. J. Willis of the Oakdale department, were on the scene to stop the bout before a decision was reached.

Malpin and Samon are out on \$100 cash bail each. The case was partially heard this morning by Judge Weinmann and will be continued on the request of the defendants. The troublemaker and the pugilist, Britt ordered the two men to move off the main floor out of the way of the dancers. An argument arose and one of them (Malpin), according to Britt, was "in the wrong."

MRS. FITZSIMMONS TO TALK. BERKELEY, May 16. — Mrs. Bob Fitzsimmons, wife of the former heavyweight prizefight champion, will speak tonight at Allston way and Fulton street in Berkeley.

half of the establishment of homes of refuge for girls taken from jails and reformatory homes. Mrs. Fitzsimmons was formerly Countess Zellen and was born in Marseilles, France.

GIVES NEW FURNACE.
BERKELEY, May 16; — A new smelting furnace is to be installed in the

Hearst Memorial Mining building at the University of California, through a gift of \$2150 by Mrs. Phoebe Apperson Hearst, regent of the university and giver of the building in which the mining instruction of the university is housed.

BERKELEY, May 16. — Miss Lucretia Jannesse, whose engagement to Lieutenant Robert Row Thompson, U. S. Navy, was recently announced, will leave for Colon, Panama, where the marriage will take place.

Mr. and Mrs. G. R. Georgeson are in this city to attend the graduation of their daughter, Miss Vira Georgeson, from the University of California.

Cards have been issued for an informal tea for Monday, May 29, by Miss Eleanor Moore in honor of Miss Ruth Irwin.

The garden fête held last week at the
Municipal Garden, was a most successful
one. The proceeds of the sale of the
flowers and plants were used for the
benefit of the poor.

Miss Josephine Maney and Miss Florence Woolsey went to Petaluma yesterday to visit friends.

to Stockton and will be at the Hotel Stockton for a week before returning to Berkeley.

Miss Jane Dicker of Spruce street is visiting in Santa Rosa.

Mrs. Elsie Lapham of Fifth street, who has been visiting in Santa Rosa with Mrs. R. P. Briggs, has returned to her home in this city.

Miss Margaret Neeley of 2345, Channing way has gone to Fresno for a visit of several weeks and later will go to San Diego for the exposition.

Miss Wiley A. Ross of this city will leave next week for an extended visit in San Bernardino.

"MORE KINDLY WAY" REORGANIZATION WINNERS SELECTED OF O. T. DELAYED

Advertising Essay Plan Draws Interesting Article From Competitors.

Financial Survey Prompts Report Advising Delay in Plans.

(Continued From Page 13)

An interesting advertising test has just been completed by the Pacific Mercantile Company of Oakland to determine the effectiveness of the advertising done by that company during the past six months. This test was in the nature of a contest for the best advertising article on "The More Kindly Way," that being the company's heading, or slogan, for mass-mailing or entertainment. In advertising the contest no information other than that an article was wanted on the subject of the "More Kindly Way" was given. The contest was held in the form of a contest with the statement that three prizes—\$50, \$35 and \$15—would be paid for the three best ones submitted. All contestants were compelled, of necessity, to write their articles on what they remembered of the modern burial method from such ads as they had read.

F. W. Clay, manager of the company, expressed himself as well pleased with the effectiveness of advertising in the east bay cities. He said: "During many years of experience in advertising there are two things which I have learned well. These are that advertisement must be pertinent and that advertisement must be equally so. A salesman or an advertiser that never makes a 'call-back' is absolutely useless. A large percentage of advertising is educational. It is a case of educating the people to use a new article or a new brand of some article for certain reasons. An advertiser must keep pounding and pounding on these reasons before an appreciable number of the people begin to believe what is said in the advertising. Some advertisers think that in a thirty-day advertising campaign they can educate people to use something or buy something after they have been educated during a great many years to use or buy something else."

The winners of "The More Kindly Way" contest are as follows: First, Douglas Monterey, 1801 Brush street, Oakland; second, Will J. French, 5615 Whittier street, Oakland; third, R. E. Walsh, 328 Salinas street, Salinas.

METHODISTS VOTE FOR CHURCH UNITY

General Conference at Saratoga Springs in Busy Session.

SARATOGA SPRINGS, N. Y., May 16.—The union of the Methodist Episcopal Church and the Methodist Episcopal Church South was endorsed almost unanimously by the Methodist General Conference today. The conference adopted the report of the committee on unification, which provided for the union of the two churches with the southern church, paving the way for final action by the General Conference of the southern church in 1918 and by the northern church's general conference in 1920.

The report recommended the amalgamation of the branches of American Methodism with the general conference as the supreme governing body of the church and with separate conferences and episcopal supervision for the negro churches. The report was adopted with enthusiasm. There was marked difference of opinion when Rev. Dr. Thomas Nicholson, secretary of the board of education, presented the report of the committee on episcopacy, which recommended the election of new bishops and one missionary bishop, in addition to the two missionary bishops accepted yesterday.

Dr. Nicholson advocated the adoption of the report and it subsequently was adopted. In reply to the objection that the expense of the episcopacy was excessive, he said the cost of maintaining the board of bishops was one cent for each church member every four years.

An amendment to again recommend the report with instructions to re-elect by two the number of new bishops proposed by the United States was offered by Albert J. Wallace, former lieutenant-governor of California. He argued that his amendment would give the church a total of eighteen bishops and that this board would be increased to thirty when the Methodist Church South, with its twelve bishops, was reunited with the Northern Church.

The conference tabled this substitute by a vote of 427 to 225.

After adopting some reports of a minor character the conference prepared a ballot for bishops. The balloting and counting of the votes consumed several hours.

Members of the Advertising Bureau of the Chamber of Commerce today filled the roles of "movie" stars. They rehearsed their triumphal march to their special train, en route for the Ad Men's fair, which will be held at the Hotel Oakland, beginning tomorrow.

The ad men's films, showing the ad men leaving for the convention, showing Oakland's points of interest and beauty spots, and all the attractions about this city, will be shown in public view, and the visitors from all over the United States. It will be shown at various cities along the line, and will be one of the big booster features of the ad men's trip.

The films will include views about the Hotel Oakland,

TRIBUNE'S PAGE OF BUSINESS, MARKETS AND FINANCE:

MARKET TENDENCIES WERE REACTIONARY

Heavy Profit Taking and Distributive Selling Were Self Evident

NEW YORK, May 16.—Irregular and somewhat reactionary tendencies developed in the market today, being a not unusual reflection of the sharp advances of the preceding sessions.

Heavy profit-taking and distributive selling were self-evident both yesterday and Saturday, although offerings were well taken and a large percentage of the buying represented by short coverings.

When this was completed the market merely fell back to digest the securities which had been unloaded. The rank and file of brokers' offices expressed disappointment at the failure of the market to continue the improvement, but professionals, mainly responsible for the bullish activity, expressed satisfaction. They pointed out that the list, while irregular, disclosed no structural weakness. Trifling setbacks are always attendant features of a professional bull campaign.

Prices opened higher under the same influences that controlled yesterday's upward swing and buying was of much the same character.

Trading fell away in the afternoon, a quiet session furnishing the only diversion of that dull period. Specialties and coppers showed greater heaviness and the list as a whole was disposed to yield.

Industrial Alcohol and shares of the cotton carriers were active and strong in the final hour, when leading issues made up part of their midday declines. The closing was irregular.

PROFESSIONAL COMMENT.

H. P. Hutton & Co.—Steel has come back as a popular stock. There is every indication of the market broadening and on recessions which signify nothing, stocks should be bought.

Clark, Childs & Co.—Campaign of pre-arranged selling will not limit development of commercial and railroad property. It may stimulate business and our market. Very

Weather Man Blames Nevada for Wind, Fog

The cutting wind that struck the bay cities last night combined with a high fog is not traceable entirely to the Pacific ocean and the weather bureau today places responsibility for most of it directly on the shoulders of Nevada. A depression hanging principally over the sparsely settled area extending in a diagonal line from Oregon southeastward to

Arizona, has caused the gusty breeze that is so indicative of colds and sneezing and spring fever.

The disturbance is not likely to cause rain and it is believed will move eastward tonight.

AUTO HITS POST.

BURLINGAME, May 15. — While trying to avoid another automobile, Dr. A. J. Hunsaker of San Francisco drove into one of Burlingame's ornamental gate posts and wrecked his car. He received slight

OVATION FOR SKINNER PLAY IS A RARE TREAT

By HARRY L. SULLY.

Old Skinner and an Oakland audience enjoyed each other hugely at the Macdonough theatre last night. The audience paid tribute to the actor by curtain calling him so persistently that he was forced to make a little speech. Skinner complimented his audience upon having given the most interesting performance of any audience he had ever faced. He said that the audience could not have enjoyed what the players had done any more than the actors had enjoyed the performance of the audience. The edge of the irony was turned by the pleading manner of his delivery.

Aids from this amusing little incident of the evening were given to the Macdonough. It was the first performance here of "Cock of the Walk," that mellowest fruit of Henry Arthur Jones' tiller in the ripe soil of comedy. It was a sparkling comedy presented by a fine actor and a company equal to the requirements of the play.

APPLAUSE SPONTANEOUS. Not in a year or more has there been so spontaneous a burst of applause, or so prolonged, as greeted Old Skinner at the close of the evening. To be sure there was much applause of "Long Letty"—I hasten to add that there is no other reason for mentioning the musical comedy in review of "Cock of the Walk."

But it seemed to me that the audience, despite Skinner's gentle sarcasm, realized that it was being given a rare treat, and demeaned itself accordingly. A rare treat it was, indeed. This is the comedy of manners in its finest flower. Here we have the playwright who ends his head and shoulders above any other contributing today to the English stage, in his mastery of this form of the drama at his veritable best. It is a comedy that never lags a second in its way from the clever exposition and presentation of the characters in the opening scene to the rippling finale. It is constructed with every line made to tell, every situation carefully planned out to do its work, every bit of business given its proper setting to travel unerringly across the footlights.

"It seems almost shameful to talk in terms of work about 'Cock of the Walk.' The play is so effortless, trips on its way in so nonchalant and yet so airy a mood, that one ought to think of the author as tossing it off happily and carelessly."

BRILLIANT SATIRE. Here we have the actor-manager presented in feeling style in the person of Sir Augustus Conyers, the matinee idol who aspires to play Hamlet. The four lord bishops are as wicked and brilliant a bit of pure satire as has been placed upon the stage in many a year. Jones writes them down with an unerring wit and an eye for every comic shortcoming, yet with a good-natured humor that is biting, but not bitter. The matinee girl is treated in the same mood of sarcasm tempered with general fatherliness which marked Jones' address to the students

of Cambridge on his visit to America some years ago.

It is upon Anthony Belchamber, actor of the old school, that Jones lavishes his finest touches of characterization. Here is a figure done to the life, of heroic, yet human, proportions. No fobble that tells the story of the inner or outer man is left out. He is the essentially human character.

LIVING CHARACTERIZATION. Old Skinner gives us a living, breathing characterization of Belchamber. As a piece of fine comedy, it requires a higher and richer art than the work of the Oriental beggar in "Kismet." Not the least part of his charm is in the marvelous control of his voice, a voice that has a resonance that can pass easily across the vocal orchestra, having in its compass the violent trumpet tones of the brass, the mellow quality of the wood, the searching poignancy of the strings, the rhapsody of the bassoon.

He plays tricks with his voice, letting it do the work of gesture and facial expression when the mood so takes him. This review would be incomplete without Skinner's little speech on reciprocity between audience and player. To perceive the genial irony of this little talk, you must realize that the audience was so various in character and complexion.

There were those who enjoyed the finest touches of the Jones comic muse. There were also those upon whom these finer fruits were lost. But these knew that something funny was happening, because the actor "made faces." They got the satire, but missed the comedy of character. Over this face they howled with glee. Then Skinner had to make a curtain speech. At first he talked along in an amiable, apparently aimless manner, which the audience thought comical. There was laughter at his droll manner. But presently he began to see through that there was a direction and meaning to what he said. His auditors were visibly nonplussed. Never before had an actor had the temerity to tell them for their faces what he thought of their performance.

"DISPLAY OF NUANCE." "It is a pleasure to come across the bay and to be given an opportunity to say I thank you on an occasion such as this," said Skinner. "But while you have been watching the intricate doing of Jones we have been watching your excellent performance."

"It has perhaps not struck you that there is such a thing as reciprocity. But we have not been entirely taken up with what we were doing, but have had time to enjoy the interesting display of character across the footlights. I think I have never seen an audience so well cast. It is one of the most complete performances of any audience I have ever looked upon."

"There has been such a delicate display of nuance. The I speak no language but my own—esprit du corps—was truly wonderful."

OAKLANDERS WAR FOR DIFFERENTIAL

Traffic Committee Hears Details of Interstate Consideration.

Further details of the fight before the Interstate Commerce Commission to maintain Oakland's differential rate on livestock were discussed today before the traffic committee of the Chamber of Commerce. The chamber and city council are standing together against the efforts of San Francisco to have the differential rate removed.

The differential at present means that livestock shipped to Oakland costs less than if shipped to San Francisco. The bay, an additional haul, and this has been the reason for the differential rate. The differential is a precedent for the bay rate, and also establishing a differential rate precedent on which the present fight for the differential rate is based. The differential means an advantage of several hundred thousand dollars a year to Oakland, according to the chamber officials.

The San Francisco shippers are seeking before the Commerce Commission to have this differential removed on the ground that it works a hardship on them. The real reason is in part, according to the Oakland representatives, that it would place Oakland in a disadvantageous position in freighting its differentials by removing its precedent, and also that it would establish a precedent favoring San Francisco. Furthermore, it is declared, it would mean a heavy loss in extra freight to Oakland meat packers.

A representative will be sent as Oakland's counsel to the hearings.

Operation Fails to Save Wachmann's Life

Falling to rally from an operation, performed last night as a last measure to save his life, Lewis Wachmann, a business man and a member of the San Francisco fire, directed the operations of the telegraphers in Oakland, died early this morning. Wachmann was one of the best known younger telegraph men in the state. He is survived by a mother, father, three brothers and four sisters.

The funeral will be held at the family home, 1028 Forty-seventh street. Wachmann entered the telegraph service as an office boy, and from this position rose through a number of managerial positions to his present position as chief of the Oakland office.

Rehearing Granted in McCowan Matter

SAN FRANCISCO, May 15.—The State Supreme Court today granted a rehearing to-day of the disbarment proceeding brought against Barclay McCowan, district attorney of Kern county by a committee of the Bar Association of that county. The District Court of Appeal refused to disbar him. The hearing is to be held some time in July.

Third Auto Victim Dies in Riverside

RIVERSIDE, May 15.—A third victim of the auto tragedy in which E. N. Waite of Moreno and his family figured, succumbed last night in the passing of Esther Waite, 22, E. N. Waite, the driver of the automobile, was instantly killed and died a few hours later. The remaining victim of the accident, Allen Bennett, is suffering from a broken leg, but will recover.

Hosiery Men Discuss War Prices and Trade

PHILADELPHIA, May 15.—Lack of dyes, the scarcity of needles, the need for commercial preparedness to meet new conditions at the close of the war, and the doing away with fixed prices in the knit goods line, are among the subjects to be discussed at the convention of the National Association of Hosiery and Underwear Manufacturers which opened here today.

TEXT BOOKS ARE DISPUTED POINT

Lively Session Held to Argue Relative Values and Needs.

SAN FRANCISCO, May 15. — Absolutely opposed on the question of uniformity in high school textbooks, the Typographical Union and many of the leading high school teachers of the State contested every inch of the way yesterday at a hearing of the Joint Legislative committee on high school textbooks. The committee, which consists of State Senators Thompson and Strobridge and Assemblymen Fish, Harris and Meek, held an all-day session at the office of the State Printing Commission and resumed its hearings this morning.

George A. Tracy of the Typographical Union made an argument for a State series for high schools, printed at the State office and supplied free to the students. His statement was supplemented by a brief by W. E. Pitschke of Oakland, which was prepared at the instance of the typographical unions of San Francisco, Los Angeles and Sacramento and by the State Printing Commission.

Those who spoke against the uniformity plan were E. M. Cox, Fremont High, Oakland; L. B. Avery, assistant superintendent, of Oakland; G. W. Wright, Centerville Union High, Centerville; W. A. Tenney, Vocational High, Oakland; P. M. Fisher, Technical High, Oakland; and W. C. Wood, State commissioner of secondary education.

The teachers were not so much against free books and printing as at Sacramento as they were against any attempt at great uniformity.

Drops Dead in Midst of Address to Masons

BOISE, Idaho, May 15.—Colonel Henry C. Olney of Sand Point, Idaho, dropped dead from heart failure yesterday while addressing the annual state convocation of Royal Arch Masons.

He had just thanked them for the gift of a gold chain from the members and was telling them that a Spokane physician had warned him that only by a miracle could he reach Boise alive and that it would be doubly a miracle if he ever lived to leave this city after the Masonic meeting.

"But I believe in miracles," he said, then died.

Colonel Olney was a Civil War veteran, 74 years of age. A son, H. W. Olney of Colfax, Wash., and two daughters, Mrs. H. I. Parr of Spokane and Miss Fanny Olney, survive him.

At one time he was on the staff of the Denver Rocky Mountain News and later published a newspaper at Boulder, Colo.

Veterans to Bury Conrad Lawrence

The funeral will be held tomorrow afternoon at 1 o'clock at Joseph Howard Lawrence, past department instructor of the Grand Army of the Republic for the department of California and Nevada, and a member of Lyon Post, G. A. R., who died at his home, 655 Lawrence avenue, yesterday after an illness of three months. Services will be held at the family home under the auspices of Lyon Post, No. 8, and Lyon Corps, No. 8, G. A. R.

Lawrence was one of the pioneers of Oakland, settling here forty-two years ago. He was 59 years old and was born in Watertown, N. Y. He served as a member of the 156th New York infantry during the civil war. He leaves a widow, a son and a daughter.

Many Paintings on Exhibition to Public

Following are the exhibitions on free view in the Municipal Auditorium Art Gallery during this month:

Paintings in pastel and tempera of Belgium, Spain and England, by Isabella C. Levy.

Decorative paintings, marine and landscape, by Karl Schmidt.

Drawings of the West, by Maynard Dixon.

Poster collection, belonging to Frederick H. Meyer.

Why Suffer From Migraine or Sick Headache?

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does make life miserable. It is caused from this condition are abandoned to undergo the periodic attacks every few years until they reach the age of 40, after which the attacks are frequent and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the best preventive measure. An attack may often be prevented by taking two anti-kempe tablets when the first symptoms appear, and one anti-kempe tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Anti-kempe tablets may be obtained at all drug stores. Ask for A-K Tablets. They quickly relieve all pain.

The Economy of Good Furniture

The distinctive features of fine furniture—the qualities which make its charm satisfying and long-enduring—are attained only by correct and artistic design, excellent material, perfect workmanship and beautiful finish.

Such furniture costs but little more than that of indifferent character—it is more a question of taste, knowledge and care than of actual manufacturing cost.

Sloane furniture is distinctive, and its cost is moderate, for example:

Solid Mahogany Spinet Desk as illustrated \$35

Antique brown finish, sliding writing bed with large drawer under, pendulum, stationery boxes; top closes down to form a table.

W. & J. SLOANE
Carpets—Rugs—Draperies

'TIZ' FOR TIRED AND SORE FEET

Use "Tiz" for Puffed-up, Burning, Aching, Calloused Feet and Corns.

"Happy! Happy! Use 'TIZ'!"

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for aching, sore feet, even on—swelling, corns, blisters on foot torture.—Advertisement.

You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

SAVE MONEY—AVOID PAIN 18 Years' Guarantee with All Work. 22-E GOLD DENTISTS. \$3.00 Set of Teeth. \$3.00 Bridge Work. \$3.00 Gold Fillings. \$1.00 Silver Fillings. 50c.

DR. F. L. STOW, BOSTON DENTAL CO. 1309 WASHINGTON STREET. Hours: 9 a. m. to 9 p. m., Sunday 9 a. m. to 12 p. m.

BISURATED MAGNESIA

An absolutely harmless antacid in all cases of fermentation and souring and belching of food, gas, indigestion, etc. A teaspoonful in a fourth of a glass of hot water usually gives INSTANT RELIEF. Sold in all drug stores in either powder or tablet form at 50 cents per bottle.—Advertisement.

PHILADELPHIA, May 15.—Lack of dyes, the scarcity of needles, the need for commercial preparedness to meet new conditions at the close of the war, and the doing away with fixed prices in the knit goods line, are among the subjects to be discussed at the convention of the National Association of Hosiery and Underwear Manufacturers which opened here today.
